135 COMMITTEE REPORTS AND RECOMMENDATIONS

[SBLs 20, 40, 115] A Divisional committee shall normally report to the Representative Assembly or the Division, but shall have the right to report concurrently to the Assembly of the Senate. When a committee makes recommendations and renders advice to the Chancellor or other administrative officers, it shall report its recommendations to the Representative Assembly or the Division where such report is consistent with the original charge to the committee except advice concerning individual persons which is normally treated as confidential. If a committee desires advice concerning its action, or approval of it, the committee may consult the Division, the Representative Assembly, or the Senate Council. **[Am 5/25/76, Am 2/27/90, Rt 3/14/90, Am 4/25/95]**
