MEMBERS OF THE SAN DIEGO DIVISION, ACADEMIC SENATE

SUBJECT: 2014-15 Representative Assembly Meetings

Dear Colleagues,

In advance of the October 14, 2014 Representative Assembly meeting, I would like to take the opportunity to remind you that all Senate members are invited to attend Representative Assembly meetings. The Representative Assembly is the principal body through which shared governance of the campus is conducted, and modifications to Divisional Senate bylaws and regulations, and establishment of new graduate degree programs can be made only by a vote of its members. The meetings are a great way to keep informed on important issues.

The meetings will be held in the Garren Auditorium in the Biomedical Sciences Building beginning at 3:30 p.m. Meetings for this academic year are scheduled to occur on the following dates.

- October 14, 2014
- December 9, 2014
- January 27, 2015
- March 31, 2015
- May 26, 2015

Meeting agendas are posted to the Senate Office website, shortly before each meeting. The Senate's website, which has been updated this year, also provides information on the structure of the Senate and the work performed by Senate committees, and information on topics of interest to faculty.
