

**Jane Teranes Climate Change Education Requirement
List of Approved Courses**

A knowledge of climate change is required of all candidates for a Bachelor’s degree who begin their studies at UC San Diego in lower-division standing in Fall 2024 or thereafter. The requirement shall be satisfied by passing, with a grade not lower than C- or P, a one-quarter course expressly approved by the Undergraduate Council for that purpose. This requirement is required of all candidates for a Bachelor’s degree who begin their studies at UC San Diego as a first-year student. Transfer students are not required to satisfy this requirement.
