The chair of the Faculty and the members of the executive committee shall be selected by the Faculty.

A) Grades and Grade Points

- 1) The work of students will be reported in terms of the following grades: A (excellent), B (good), C (fair), D (poor), F (fail), I (incomplete), IP (in progress), P (pass), NP (not pass), S (satisfactory), U (unsatisfactory). The grades A, B, and C may be modified by plus (+) and minus (-) suffixes. [Am 2/22/83, Rt by Assembly 5/25/83]
- 2) At the end of each quarter, the instructor of each course will assign a letter grade to each undergraduate student who was enrolled in that course at the end of the sixth week of instruction and each graduate student who was enrolled in that course at the end of the ninth week of instruction on the basis of the work required for the entire course. An I grade may be assigned, if appropriate [see Regulation 500(B)]. [En 5/27/80, Rt by Assembly 3/11/81, Am 6/6/17]
- 3) For each student the Registrar will calculate a grade point average (GPA) over courses taken at any campus of the University of California, not including Extension courses. Grade points per unit will be assigned as follows: A 4, B 3, C 2, D 1, F 0. When attached to the grades B and C, plus (+) grades carry threetenths of a grade point more per unit. The grade of A+, when awarded, represents extraordinary achievement but does not receive grade point credit beyond that received for the grade of A. When attached to the grades of A, B, and C, minus (-) grades carry threetenths of a grade point less per unit than the unsuffixed grades. Courses in which an I, IP, P, NP, S, U, or W grade has been awarded will be disregarded in grade point calculations. A graduate student's GPA will be calculated over courses taken while in graduate standing. [Am 5/27/80, Rt by Assembly 3/11/81, Rt by Assembly 5/25/83]

B) The I Grade

An instructor may not grant a request for an Incomplete except as described above. The deadline for filing a request for an Incomplete shall be no later than the first working day after final examination week, with the exception of compulsory U.S. military service, which shall be requested no later than one week following the end date of active service. [Am 5/25/93, Am 4/23/96, Am 10/25/22, Am 06/03/25]
- 2) The instructor shall make arrangements with the student for completion of the work required at the earliest possible date, but no later than the last day of the finals week in the following quarter, with the exception of compulsory U.S. military service. If not replaced by this date, the I grade will lapse into a failing grade. The instructor may neither agree nor require that the student wait until the next time the course is offered in order to make up incomplete work or equivalent. The instructor and student are expected to remain in communication to make individual arrangements for the timely completion of the work before the last day of the finals week in the following quarter. 500 GRADING POLICY [En 6/4/74, Rt by Assembly 12/4/75, Am 6/6/17, Am 10/25/22]

- 3) If the instructor assigns an Incomplete grade, without the student having requested it, the instructor must notify the student before the first working day after final examination week of the quarter the I grade is to be assigned. [En 10/25/22]
 - 4) Except as provided under Academic Senate Regulation 634, the I grade shall be disregarded in determining a student's grade point average.
 - 5) In the case of compulsory U.S. military service, an Incomplete grade may be granted for the duration of service. The student shall make arrangements with the instructor to complete the coursework at the earliest possible date, but no later than one year following the end date of active service. [En 06/03/25]
- C) The IP Grade
- 1) For exceptional and compelling reasons, a course extending over more than one quarter may be authorized with the prior approval of the Undergraduate Council (for undergraduate courses) or the Graduate Council (for graduate courses). In such courses an evaluation of a student's performance may not be possible until the end of the final term. In such cases the instructor may assign the provisional grade IP (in progress). [Am 3/1/11]
 - 2) IP grades shall be replaced by final grades if the student completes the full sequence. The instructor may assign final grades, grade points, and unit credit for completed terms when the student has not completed the entire sequence provided that the instructor has a basis for assigning the grades and certifies that the course was not completed for good cause. An IP not replaced by a final grade will remain on the student's record.
 - 3) In calculating a student's grade point average, grade points and units for courses graded IP shall not be counted. However, at graduation, courses still on the record as graded IP must be treated as courses attempted in computation of the student's grade point average in assessing a student's satisfaction of Senate Regulation 634.
- D) The P and NP Grades
- 1) Consistent with college policy, an undergraduate student in good academic standing may elect to be graded on a P/NP basis in a course. With the exception of units earned in independent study courses (numbered 199), no more than one fourth of an undergraduate student's total UCSD course units may be in courses taken on a P/NP basis. Departments may require that courses applied toward the major be taken on a letter grade basis. [Am 5/24/77, Am 4/24/79, Am 5/26/81, Rt by Assembly 12/2/81, Am 4/27/93, Am 1/31/12, Variance Granted by Academic Assembly 6/12/19]

 - 4) Units earned with the grade of P shall be counted in satisfaction of degree requirements, but units taken on a P/NP basis shall be disregarded in determining a student's grade point average.
 - 5) An undergraduate student's work in a noncredit course shall be reported on a P/NP basis. [En 5/23/78]
- E) The S and U Grades
- 1) With the approval of the Graduate Council, departments may offer graduate courses in which graduate students may be graded on an S/U basis, and courses in which graduate students shall be graded only on an S/U basis. [Am 5/24/77]
 - 2) A graduate student's work in a noncredit course may be reported on an S/U basis. [Am 5/24/77]
 - 3) With the approval of the department and the instructor concerned, a graduate student may elect to have his/her work in any undergraduate course or in a graduate course outside his/her major graded on an S/U basis. [En 5/24/77, Am 11/28/78, Am 11/28/95]
 - 4) With the approval of the department and the instructor concerned, a graduate student who has advanced to candidacy for the Ph.D. degree may take any course on an S/U basis. [En 5/24/77, Am 5/23/78]
 - 5) The minimum standard of performance for a grade of S shall be the same as the minimum for a grade of B. [En 5/24/77, Am 5/24/83, Rt by Assembly 5/9/84]
 - 6) Registration on an S/U basis must take place before the end of the sixth week of the quarter. [Am 10/25/22]
- F) The NR Designation [Rp 4/25/95]
- F) The W Grade [En 5/27/80, Am 5/20/08, Am 6/6/17]
- 1) When an undergraduate or graduate student withdraws from the University or drops a course, other than a laboratory course with an early drop deadline, after the end of the fourth week of instruction, the Registrar will assign a W to the student for each course affected. A student who drops a laboratory course with an early drop deadline after the second laboratory session will receive a W for the course. A service member called to compulsory U.S. military service may withdraw at any time during the quarter without W grades in courses. Only the Registrar may assign a W. [Regulation 501] [Am 4/23/91, Am 6/6/17, Am 6/3/25]
 - 2) Courses in which a W has been entered on the student's transcript will be disregarded in determining a student's grade point average and will not be considered as courses attempted in assessing the student's satisfaction of Senate Regulation 634 for graduation.
 - 3) Except as provided in SD 501(C)(2), a student may receive a maximum of one W per course. [En 5/20/08]

500 GRADING POLICY [En 6/4/74, Rt by Assembly 12/4/75, Am 6/6/17, Am 10/25/22]

- G) Blank on Students' Transcript [En 4/25/95]
- 1) If a student's name appears on the end of quarter course list for a course, but no grade is reported, the Registrar will leave a blank for that course on the student's transcript.
 - 2) A blank which is not replaced by a grade assigned by the instructor, after one quarter on a student's record, will then be replaced by an F, NP, or U grade.
- H) Grade Changes
- 1) All grades except I and IP are final when filed by an instructor in the end of term course report. However, a final grade may be corrected when a clerical or procedural error is discovered. No change of a final grade may be made on the basis of revision or augmentation of a student's work in the course. No term grade except Incomplete may be revised by further examination. No grade may be changed after one calendar year from the time the grade was recorded. [Am 4/27/76, Am 11/24/81, Rt by Assembly 5/26/82, 10/29/85]

501 ADDING AND DROPPING COURSES AND WITHDRAWAL [En 5/27/80, Rt by Assembly 3/11/81, Am 3/2/82, Rt by Assembly 5/26/82, Am 6/6/17]

- A) A student may add a course before the end of the second week of instruction of a quarter, and with the approval of the instructor and department add a course to the class list before the end of the final week of instruction. [Am 5/25/10, Am 6/6/17]
- B) Except as provided in paragraph (D), an undergraduate student may drop a course before the end of the sixth week of instruction. Except as provided in paragraph (D), a graduate student may drop a course before the end of the ninth week of instruction. [Am 6/6/17]
- 1) A course dropped before the end of the fourth week of instruction will not be entered on the student's transcript.
 - 2) If a student drops a course after the end of the fourth week of instruction, unless permitted to do so by paragraph (D)(1), the Registrar shall assign a final grade of W to the student for that course. [Am 6/6/17]
 - a) A service member called to compulsory U.S. military service may withdraw from any course at any time during the quarter without a W grade in the course. [En 6/3/25]
 - 3) An undergraduate student may not drop a course after the end of the sixth week of instruction unless permitted to do so by paragraph (D)(1) or by petition for emergency reasons before the end of the tenth week of instruction except in the case of compulsory U.S. military service. A graduate student may not drop a course after the end of the ninth week of instruction unless permitted to do so by paragraph D(1) or by petition for emergency reasons before the end of the tenth week of instruction except in the case of compulsory U.S. military service. For such petitions, approval may be granted by an appropriate authority. The petition must be supported by the instructor of record and approved by the appropriate Provost for undergraduate students or by the Dean of the Graduate Division for graduate students. [Am 6/6/17, Am 6/3/25]
 - 4) With the approval of the Educational Policy Committee, a laboratory course may require an early drop deadline. A student must drop by the end of the second laboratory session to prevent having the course appear on the student's transcript. For laboratory courses that receive approval for an early drop deadline, the Registrar shall assign a final grade of W if a student drops the course after the second laboratory session. [En 6/6/17]
- C) A student may withdraw from the University before the end of the sixth week of instruction of a quarter. [Am 6/6/17]
- 1) If a student withdraws before the end of the fourth week of instruction, no course entries will appear on the student's transcript for that quarter unless such entries are required by paragraph (D).
 - 2) If a student withdraws after the end of the fourth week of instruction, the Registrar will assign a final grade of W to the student for each course in which the student was enrolled after the end of the fourth week of instruction unless a different grade is required by the provisions of paragraph (D). [Am 6/6/17]

•• PART 1: General Regulations

501 ADDING AND DROPPING COURSES AND WITHDRAWAL [En 5/27/80, Rt by Assembly 3/11/81, Am 3/2/82, Rt by Assembly 5/26/82, Am 6/6/17]

- a) A service member called to compulsory U.S. military service may withdraw from the University at any time during the quarter without W grades in courses. [En 6/3/25]
 - 3) An undergraduate student may not withdraw from the University after the end of the sixth week of instruction unless permitted to do so by petition for emergency reasons before the end of the tenth week of instruction except in the case of compulsory U.S. military service. A graduate student may not withdraw from the University after the end of the ninth week of instruction unless permitted to do so by petition for emergency reasons before the end of the tenth week of instruction except in the case of compulsory U.S. military service. For such petitions, approval may be granted by an appropriate authority. The petition must be supported by each instructor of record and approved by the appropriate Provost for undergraduate students or by the Dean of the Graduate Division for graduate students. [En 6/6/17, Am 6/3/25]
- D)
- 1) A student who is charged with academic dishonesty in a course may not drop it before the final decision is rendered in the case in accordance with the UCSD Policy on Integrity of Scholarship. If the charges are not sustained, the student may either complete the course, and where appropriate change to P/NP or S/U grading, or drop the course; and if the student drops the course it shall not be listed on their transcript. [EC 6/3/25]
 - 2) The withdrawal of a student from the University shall not prevent the permanent entry on their transcript of grades assigned in accordance with the UCSD Policy on Integrity of Scholarship. [EC 6/3/25]

502 GRADE APPEALS [En 5/23/78, Am 6/10/97, Am 5/26/15, Am 6/11/24]

A) General

- 1) If a student can provide evidence indicating that nonacademic criteria have been used in determining their grade in a course, they may follow the procedures described in this Regulation. [Am 6/11/24]
- 2) Nonacademic criteria means criteria not directly reflective of academic performance in the course. It includes discrimination on political grounds, or based on a protected trait, including but not limited to a student's gender, race, religion, national origin, sexual orientation, or disability. [Am 5/26/15]
- 3) Appeals to this committee [see (B)(4)] shall be considered confidential to all parties involved with the appeal. Neither any member of the subcommittee nor the Academic Senate Office shall release any information about the appeal except as specifically provided in this Regulation [Am 6/10/97, Am 6/11/24]
- 4) If a medical student wishes to appeal a grade in a School of Medicine course, they must follow procedures described in Regulation 503, instead of Regulation 502. [Am 1/28/14]

B) Process for Resolving Grievance [Am 6/11/24]

- 1) The student is encouraged to first request to resolve the grievance with the instructor within the first month of the following regular academic quarter after the grade was assigned. [Am 6/10/97]
- 2) If the grievance is not resolved to the student's satisfaction, the student must request to resolve the grievance through written appeal to the department chair or equivalent, who shall attempt to mediate the case with the instructor and the student within two weeks. The department chair or equivalent must provide a written response to the student's appeal. When a grade appeal is based on a claim that the grade was assigned based on a protected trait, including but not limited to a student's gender, race, religion, national origin, sexual orientation, or disability, the department chair or equivalent shall forward such reports to the Office for the Prevention of Harassment and Discrimination (OPHD), as required by PPM 200-23 "Any Responsible Employee who receives a report of Prohibited Conduct shall forward all such reports to OPHD." The grade appeal and OPHD investigation may occur simultaneously.
- 3) If the grievance still is not resolved to the student's satisfaction, the student must request to resolve the grievance through written appeal to the provost of their college (undergraduate students), or the cognizant school dean (graduate students), who shall attempt to mediate the case with the instructor, the chair and the student within one month. For appeals from graduate students, the cognizant school dean may consult with the Dean of Graduate Education to help mediate the case. The provost or dean must provide a written response to the student's appeal. [Am 1/28/14]

502 GRADE APPEALS [En 5/23/78, Am 6/10/97, Am 5/26/15, Am 6/11/24]

- 4) If the grievance still is not resolved to the student's satisfaction by the provost or dean, the student may request consideration of their appeal by the Educational Policy Committees (hereinafter called the committee) according to the procedures outlined below. This request must be submitted before the last day of instruction of the quarter following the quarter in which the grade was assigned. [Am 3/1/11]
- C) Committee Response to Grievance [Am 6/11/24]
- 1) The student's request for committee consideration should include a written statement outlining the nature of the grievance, including copies of any and all documents in their possession supporting the grievance. Unless the committee determines that another avenue of adjudication is still available, the submission of the written statement to the committee places the case before it and restricts any change of the challenged grade to a change initiated by the committee. [Am 6/10/97]
 - 2) Upon receipt of the student's request, the committee shall forward a copy of it to the instructor, the department chair or equivalent, and the provost or dean, with a request for written reports of their attempts to resolve the complaint. [Am 6/10/97]
 - 4) The committee, after having determined that all other avenues of mediation have been exhausted, shall review the complaint and the reports to determine if there is evidence that nonacademic criteria were used. [Am 6/10/97]
 - a) If the committee finds evidence that nonacademic criteria were used, it shall follow the procedure in paragraph (D) below.
 - b) If the committee does not find evidence that non-academic criteria were used, it shall serve written notification of its findings to the student and to the instructor within two weeks. Within ten days the student or the instructor may respond to the findings. If there are no responses, or if after consideration of such responses the committee sustains its decision, the grade shall not be changed. [Am 6/10/97]
 - 3) The committee may consult with the Center for Student Accountability, Growth, and Education (SAGE) to determine whether the student's request is connected to a current or resolved non-academic student matter. The committee may use this consultation to determine whether other avenues of mediation have been exhausted and to inform its overall review of the student's request.
- D) Grievance Resolution [Am 6/11/24]

502 GRADE APPEALS [En 5/23/78, Am 6/10/97, Am 5/26/15, Am 6/11/24]

- 1) If the committee determines that there is evidence that nonacademic criteria were used, it shall interview any individual whose testimony might facilitate resolution of the case. The student shall make available to the committee all of their work in the course which has been graded and is in their possession. The instructor shall make available to the committee all records of student performance in the course and graded student work in the course which is still in their possession. At the conclusion of the case all written documents shall be returned to the source from which it was obtained. [Am 6/10/97]
 - 2) The committee shall complete its deliberations and arrive at a decision within one month of its determination that evidence of the use of nonacademic criteria had been submitted. A record of the committee's actions in the case shall be kept in the Senate Office for three years.
 - 3) If the committee determines that nonacademic criteria *were* significant factors in establishing the grade, it shall give the student the option of either receiving a grade of P or S in the course or retroactively dropping the course without penalty. A grade of P or S awarded in this way shall be acceptable towards satisfaction of any degree requirement even if a minimum letter grade in the course had been required, and shall not be counted in the number of courses a student may take on a P/NP basis. If the student elects to receive a grade of P or S, the student may also elect to have a notation entered on his/her transcript indicating that the grade was awarded by the Divisional grade appeals committee.
 - a) The committee shall serve written notification of its findings and its decision to the student and the instructor. The student and the instructor may respond in writing to the findings and the decision of the committee within one week of such notification.
 - b) If there are no responses, or if after considering such responses the committee sustains its decision, the grade shall be changed; the committee shall then instruct the Registrar to change the grade to P or S or, if the student elected the drop option, to retroactively drop the course from the student's record. Copies of the committee's instruction shall be sent to the student and the instructor.
- E) Policy Notes [Am 6/11/24]
- 1) No punitive actions may be taken against the instructor solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the personnel file of the instructor.
 - 2) No punitive actions may be taken against the student solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the student's file. [Am 1/28/14]

502 GRADE APPEALS [En 5/23/78, Am 6/10/97, Am 5/26/15, Am 6/11/24]

- 3) The use of non-academic criteria in assigning a grade is a violation of the Faculty Code of Conduct. Sanctions against an instructor for violation of the Faculty Code may be sought by filing a complaint in accordance with University of California Academic Senate Bylaw 336. A complaint may be filed by the student or by others.
- 4) The instructor may, if they feel that their record has been impunged by false or unfounded charges, file charges against the student through the Office of the Vice Chancellor for Student Affairs, or the Dean of Graduate Education.
- 5) All decisions of the Committee shall be final, except as may otherwise be provided in San Diego Divisional Bylaw 200.

503 GRADING POLICY - SCHOOL OF MEDICINE [En 10/29/85, Rt by Assembly 3/4/86, Am 1/28/14, Am 4/13/21]

- A) The work of all students in those courses designated by the Faculty of the School of Medicine as constituting the Preclerkship Core Curriculum, as well as in the Principles to Practice course, will be graded P (pass) or F (fail). In the Residency Transition course, grades shall be reported as P (pass) F (fail). The work of all students in core clinical clerkships will be reported in terms of four grades: H (honors); NH (near honors); P (pass); F (fail). [Am 1/29/02, Am 12/1/09, Am 1/28/14, Am 4/13/21]
- B) In all preclerkship elective courses and Independent Study Project and independent study research courses, grades shall be reported on a S (satisfactory) or U (unsatisfactory) grading scale. [Am 12/1/09, Am 4/13/21]
- C) In all third-year selective courses, grades shall be reported as P (pass) or F (fail). [En 1/25/11]
- D) In all fourth-year elective clerkships and elective courses, grades shall be reported as H (honors); NH (near honors); P (pass); F (fail) unless the course/clerkship director has designated a mandatory S (satisfactory) or U (unsatisfactory) grading scale or a P(pass) or F (fail) grading scale, and this has been approved by the Electives Committee. [En 12/1/09, Am 1/25/11, Am 4/13/21]
- E) No gradepoints per unit shall be assigned.
- F) Grade Changes
All grades except Incomplete (I), In Progress (IP), and Provisionally Unsatisfactory (Y) are final when filed by an instructor in the end of term course report. However, a final grade may be corrected at any time when a clerical or procedural error is discovered. No term grades except I and Y may be revised by further examination.
- G) Grade Appeals
A medical student may appeal a course grade by following procedures described in the *UCSD School of Medicine Advisor and Student Handbook*.
- H) Definitions of Grades. Student evaluation is based on the following: [Am 4/13/21]
- 1) The H Grade:
The grade H (Honors) is assigned to those students whose overall academic performance in a third-year core clerkship or a fourth-year elective clerkship or fourth-year elective course is considered to be outstanding. Honors grades are not granted in preclerkship core or preclerkship elective courses or third-year selective courses nor in the Independent Study Project. [Am 4/13/21]
 - 2) The NH Grade:
The grade NH (Near Honors) is assigned to those students whose overall academic performance in a third-year core clerkship or a fourth-year elective clerkship or fourth-year elective course is significantly higher than a Pass grade, but lower than an Honors grade. Near Honors grades are not granted in preclerkship core courses, preclerkship elective courses, third-year selective courses, fourth-year elective and core courses, or in the Independent Study Project. [Am 4/13/21]

503 GRADING POLICY - SCHOOL OF MEDICINE [En 10/29/85, Rt by Assembly 3/4/86, Am 1/28/14, Am 4/13/21]

- 3) The P Grade:
The grade P (Pass) is assigned to those students whose overall performance in a course is satisfactory. [Am 4/13/21]
- 4) The F Grade:
The grade F (Fail) is assigned to those students whose overall performance in a course is unsatisfactory. The assigned F (Fail) grade will remain on the transcript. When an F grade is remediated by examination, a memorandum to that effect will be posted to the transcript. If the F grade is remediated by repetition of the course, the course will appear chronologically a second time on the transcript. [Am 4/13/21]
- 5) The S Grade:
The grade S (Satisfactory) is assigned to those students whose overall performance in a preclerkship elective course, Independent Study Project course, or independent study research course is satisfactory. [Am 4/13/21]
- 6) The U Grade:
The grade U (Unsatisfactory) is assigned to those students whose overall performance in a preclerkship elective course, Independent Study Project course, or independent study research course is unsatisfactory. The assigned U (Unsatisfactory) grade will remain on the transcript. [Am 4/13/21]
- 7) The Y Grade:
The grade Y (Provisionally Unsatisfactory) is assigned as an initial grade. A Y grade is replaced either by a P (Pass) or S (Satisfactory) grade when the requirements for the course have been satisfied; or, if a student fails to complete the requirements satisfactorily within a period of time determined by the course instructor, an F (Fail) or U (Unsatisfactory) grade is assigned. The Y grade cannot be replaced by a Near Honors or an Honors grade.
- 8) The I Grade:
The grade I (Incomplete) is assigned when a student's work is of passing quality but is incomplete for good cause (illness or family emergency, for example). The grade I will be replaced with a grade when the remaining course work is completed. The instructor shall make arrangements with the student for completion of the work required at the earliest possible date, but no later than one year following the course. An extension to this deadline may be granted by the Associate Dean for Undergraduate Medical Education, if there are extenuating circumstances.
- 9) The IP Grade:
For courses extending over more than one quarter, and in which evaluation of a student's performance is deferred until the end of the final quarter, a grade of "In Progress" (IP) shall be assigned and replaced by a final grade when the student completes the course sequence.

503 GRADING POLICY - SCHOOL OF MEDICINE [En 10/29/85, Rt by Assembly 3/4/86, Am 1/28/14, Am 4/13/21]

10) The W Grade:

The grade W (Withdraw) is assigned when a student has completed some portion of the course and for personal, medical, or other reasons must withdraw from the course. Students are not generally permitted to withdraw after the midpoint of a course. If a student withdraws after the midpoint of a course, the W grade will remain on the transcript. If the course is repeated at a later date, it will appear a second time on the transcript. The Withdraw grade must be approved by the Associate Dean for Undergraduate Medical Education. The Associate Dean for Undergraduate Medical Education may approve exceptions to the assignment of the W grade, including allowing a student to withdraw after the midpoint of a course if there are extenuating circumstances. [Am 12/9/14]

11) Blank on a Student's Transcript: [En 12/9/14]

- (1) If a student's name appears on the end of quarter course list (or roster) for a course, but no grade is reported, the Registrar will leave a blank for that course on the student's transcript.
- (2) If a blank on a student's transcript is not replaced by a grade that is assigned by the course instructor, then it will be automatically replaced by an F or U grade at the end of the following quarter.

505 REPETITION OF COURSES

Repetition for credit of courses not so authorized by the appropriate Committee on Courses is allowed subject to the following limitations: [Am 5/19/20]

- A) A student may not repeat a course for which a grade of A+, A, A, B+, B, B, C+, C, C, I, P, or S is recorded on his or her transcript, with the exception that a student who receives a grade of C- in a course that is approved to satisfy the Entry Level Writing Requirement may repeat the course as provided in Regulation 600(L). [Am 11/24/81, Rt by Assembly 5/26/82, Am 5/24/83, Rt by Assembly 5/9/84, Am 5/19/20]
- B) Courses in which a grade of D or F has been awarded may not be repeated on a P/NP or S/U basis. [Am 5/29/79]
- C) Undergraduate students may repeat a course in which a grade of NP has been awarded for a P/NP or letter grade, if applicable. Graduate students may repeat a course in which a grade of U has been awarded on an S/U basis only. [Am 11/24/81, Rt by Assembly 5/26/82]
- D) Repetition of a course for which a student's transcript bears two or more entries with grades among D, F, NP, or U requires the approval of the appropriate provost or dean, with the exception that a student who receives a grade of D, F, or NP in a course that is approved to satisfy the Entry Level Writing Requirement or its prerequisite may repeat the course in accordance with Regulation 600(L) without approval of the appropriate provost. [Am 5/29/79, Am 11/24/81, Rt by Assembly 5/26/82, Am 5/19/20]
- E) All grades received by a student shall be recorded on the student's transcript unless changed in accordance with Regulation 500(H). A student may receive degree credit for a course only once, unless the course has been approved for repetition. [En 11/24/81, Rt by Assembly 5/26/82, Am 4/25/95]
- F) [Am 4/1/75, Am 5/29/79, Am 11/24/81, Rt by Assembly 5/26/82, Am 4/25/95, Am 11/25/03, Am 5/19/20]
 - 1) The first 16 units of courses, excluding courses approved to satisfy the Entry Level Writing Requirement or their prerequisites, that are repeated by an undergraduate student after receiving a grade of D, F, or NP shall not be used in grade-point calculations. In the case that a course is repeated by a student who has admitted to or been found guilty of academic dishonesty, both the units for the initial course and the repeated course shall be counted in grade-point calculations. [Am 5/19/20]

Academic integrity is essential for an academic community, including UC San Diego. Academic integrity is built on a foundation of honest, responsible, fair and trustworthy scholarly activity.[i] Without it, the degrees we confer, the research we conduct, and our reputation all diminish in value.

Thus, the University expects that both faculty and students will adhere to its standards of academic integrity. The UC San Diego Academic Integrity Policy (herein the “Policy”) states the general rules associated with student integrity of scholarship. The Procedures for Resolving Alleged Violations of the Policy (herein the “Procedures”) are found at: /media/633239/ai-procedures.pdf and authorized by the San Diego Division of the Academic Senate’s Educational Policy Committee.

The Policy applies to all persons:

- matriculated at UC San Diego as undergraduate or graduate students
- enrolled as students in UC San Diego undergraduate or graduate courses

Medical students are governed by policies specified in the Handbook for School of Medicine Advisors and Students, as formulated by the School of Medicine Committee on Educational Policy. Pharmacy students are governed by the Skaggs School of Pharmacy and Pharmaceutical Sciences (SSPPS) Policy on Integrity of Scholarship as formulated by the SSPPS faculty. A separate policy exists governing integrity of research.

[i] Definition from the International Center for Academic Integrity, <https://www.academicintegrity.org/>

I) **Roles and Responsibilities for Upholding Academic Integrity**

A) **Students' Responsibility**

To uphold academic integrity, students shall:

- Complete and submit academic work that is an honest and fair representation of their knowledge and abilities at the time of submission.
- Be responsible for knowing and following the standards of the class and the institution.

Thus, no student shall engage in an activity that undermines academic integrity or facilitates academic integrity violations by others. This includes, but is not limited to, the following behaviors:

- a) No student shall procure, provide, or accept any material that contains questions or answers to any examination or assignment unless the student’s possession of the material has been authorized by the instructor.

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

- b) No student shall complete, in part or in total, any academic work (e.g., examination, assignment, paper) or obtain academic credit (e.g., attendance, participation) for another person.
- c) No student shall allow any academic work or academic credit to be completed or obtained, in part or in whole, for themselves by another (human or machine/artificial intelligence [i]).

[i] For examples of machine/artificial intelligence, go to: <https://academicintegrity.ucsd.edu>.

- d) No student shall plagiarize or copy the work of others (human or machine) and submit it as their own work.
- e) No student shall employ aids (including artificial intelligence) in undertaking course work or in completing any assessments [i] that are not authorized by the instructor.

[i] Assessments are any form of academic work that it is submitted for academic credit; examples of assessments include, but are not limited to, exams, quizzes, or assignments.

- f) No student shall alter graded assessments and then resubmit them for regrading without the instructor's permission.
- g) No student shall submit substantially the same material more than once without prior authorization from the instructor, such as a paper that was written and submitted in another class.

B) Instructors' Responsibility

The instructor shall state in writing[i] how graded assessments will contribute to the final grade in the course. If there are any course-specific rules required by an instructor for maintaining academic integrity, the instructor shall also inform students of these in writing.

[i] "In writing" is defined as correspondence delivered either on paper or electronically via e-mail for the purposes of this Policy and the corresponding Procedures.

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

C) Instructional Assistants' (IA) Responsibility

A student acting in the capacity of an instructional assistant (IA), a category including but not limited to teaching assistants, readers, and tutors, has a special responsibility to safeguard academic integrity and report suspected violations to the instructor. In this role the student functions as an apprentice instructor, under the tutelage of the responsible instructor. An IA shall equitably grade student work in the manner agreed upon with the course instructor. An IA shall not provide any student with any information or collaboration that would aid the student in completing the course in a dishonest manner (e.g., providing access to unauthorized material related to assessments). An IA who violates these responsibilities may be subject to discipline under this Policy but also under employee policies.

II) Roles and Responsibilities for Resolving Academic Integrity Violations

The responsibility for resolving academic integrity violations rests with two University authorities: the faculty and the administration. Under the Standing Order of the Regents, authority over courses and curricula is delegated to the faculty through the Academic Senate. The University of California's Policy on Student Conduct and Discipline authorizes the UC San Diego administration to discipline students for academic misconduct (which are referred to as academic integrity violations in this Policy). Cases in which the student accepts or is found responsible for academic integrity violations will normally result in consequences, including but not limited to, academic integrity training, an academic sanction, and administrative sanction(s).

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

A) Academic Responsibilities

The instructor shall report all suspected academic integrity violations to the Academic Integrity Office (AIO), shall participate in the process according to this Policy and the corresponding Procedures, and, when the case is resolved, shall determine the academic sanction (the student's grade in the course). Any violation of this Policy by the student may be considered grounds for failure in the course, although lesser consequences may be incurred in less serious circumstances. An instructor shall not assign an academic sanction for an academic integrity violation unless they have submitted an Allegation Report^[i] to the AIO and there is an acceptance or final finding of responsibility. If the course concludes before a resolution is reached, the instructor will assign an "X" code for the course.

An instructor may withdraw an academic integrity allegation if they determine they have insufficient evidence to proceed and/or no longer suspect a violation occurred. An instructor cannot withdraw a charge if a student has already accepted responsibility or has been found responsible for an academic integrity violation. It is recommended that Instructors consult with the AI Office before withdrawing an allegation.

In cases where an academic integrity violation is reported in independent exams (exams held outside of coursework), such as placement exams and qualifying exams, or culminating academic work, such as undergraduate or graduate theses, dissertations, and independent study projects, the academic sanction will be determined by the faculty member or by the faculty committee that maintains ultimate responsibility for evaluating the exam or work. The sanction will establish both of the following:

1. Evaluation of the exam results or work. This may include granting a student full, partial, or no credit.
2. Provision to allow or deny a student the ability to repeat the exam or resubmit the culminating work.

[i] See the corresponding Procedures.

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

B) Administrative Responsibilities

There are many different administrators who have roles in the process of resolving academic integrity violations; in this Policy and the corresponding Procedures, they are all referred to as the Appropriate Administrative Authority (AAA). The responsibilities and title designations of the AAAs are as follows:

- **Decision and Resolution Phase:** the Resolution AAA may be an AIO staff member, a college Dean of Student Affairs or their designee, or the Graduate Education and Postdoctoral Affairs (GEPA) Assistant Dean of Student Affairs or their designee.
- **Sanctioning Phase:** the Resolution AAA imposes administrative sanctions unless the sanction is: (1) Suspension (not deferred), (2) Dismissal, or (3) there is any deviation from the Sanctioning Guidelines; in that case, the Resolution AAA presents the proposed sanction to the Sanctioning Body (comprised of the Council of Deans of Student Affairs, and the GEPA Assistant Dean when the case involves a graduate student), which must approve the sanction.
- **Appeal Phase:** the Appeal AAA is the student's college Provost (undergraduates), the Chair of the Council of Provosts (summer session and extension), or the GEPA Dean (graduate students). The Appeal AAA presents the appeal to the Appellate Body (comprised of the Council of Provosts for undergraduates, summer session and extension students, and the GEPA Dean when the case involves a graduate student) for a decision.

If students from two or more different units (e.g., colleges, Summer Session, Extension, or the Graduate Division) are allegedly involved in the same incident, one Resolution AAA will normally resolve all of the allegations.

The Resolution AAA will impose Administrative Sanctions in accordance with guidelines authorized by the Educational Policy Committee. Administrative sanctions range in severity, but can be applied only when a student has accepted responsibility or has been held responsible.[i] Students with multiple confirmed academic integrity violations shall be subject to dismissal from the University.

Decisions by the Appellate Body are final.

[i] Sanctioning guidelines can be found at <https://academicintegrity.ucsd.edu/>. [Am 6/9/20, Am 12/1/20]

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

C) **Academic Integrity Office (AIO) Responsibilities**

The AIO is the administrative manager for this Policy and for the processing of reported academic integrity violations, and the coordinator of the AI review and appeal process. The AIO may gather the materials necessary to fully document suspected academic integrity violations, resolve allegations as an AAA, and advise faculty and students throughout the process. The AIO oversees training of all persons serving as AAAs, Academic Integrity Review Board panelists and Presiding Officers, Review Advisors, A.S. Student Advocates, Instructors conducting Instructor-Student Resolution Meetings, and any others who are routinely involved in the process for resolving academic integrity violation allegations. The AIO may extend any timelines in the Procedures when practical exigencies so dictate, in which case all involved parties will normally be notified in writing. The AIO shall maintain a record of all cases and shall report annually to the Educational Policy Committee on the number, nature, and type of cases; the pattern of decision-making; the severity and type of academic and administrative sanctions; and other relevant matters. The AIO is responsible for monitoring and reviewing the procedures that accompany this Policy and chairs the committee that reviews and updates the procedures on an annual or bi-annual basis. Proposals from the AIO to revise the Procedures will be submitted to the Educational Policy Committee for approval.

III) **Policies Governing the Procedures for Resolving Suspected Academic Integrity Violations**

The Procedures for resolving alleged academic integrity violations are found at: </media/633239/ai-procedures.pdf>. The Procedures must be in agreement with the following Policy requirements.

- A) Instructors shall report all suspected academic integrity violations to the AIO so that the formal procedures can be initiated. The Procedures explain the rights of students, which include the right to be notified of the alleged violation, the right to be heard, the right to accept or deny responsibility, the right to have the case evaluated by a Review Panel, and the right to appeal. If an instructor imposes an academic sanction without reporting the suspected academic integrity violation to the AIO, the student has the right to refer the case to the AIO to determine if formal procedures should be initiated.
- B) If a student does not follow the Procedures within the established timelines, or fails to attend scheduled meetings, they can be presumed to have decided to accept responsibility.
- C) If it is a multiple student case, the outcome[i] for each student must be known before the cases proceed to the sanctioning phase or an AI Review.

[i] Outcomes are defined in Procedures 2.3

- 1) If one of the involved students is non-responsive and any of the other involved students are proceeding to an AI Review, the Resolution AAA should proceed with Procedures 2.4.a.1 for the non-responsive student.

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

- D) If the student does not accept responsibility, the case proceeds to an AI Review. If the possible administrative sanctions do not include suspension or dismissal from the University, the case will be scheduled for an AI Review I. If the possible administrative sanctions do include suspension or dismissal from the University, the case will be scheduled for an AI Review II.
- 1) If during an AI Review I, the Review Panel determines that the violation is different than originally classified and may result in administrative sanctions that do include suspension or dismissal from the University, the case will be referred back to the AIO for an assessment of the case. If the Review Panel's assessment is supported by the AIO and the AAA, the case will be scheduled for an AI Review II.
- E) If the student is held not responsible through an AI Review I or II, the matter shall be dismissed without further action against the student and the student shall be permitted either to complete the course without prejudice or to retroactively withdraw from it without indication on the student's transcript. However, if the student does not notify the AIO of their decision within the timeline specified in the Procedures, it will be assumed that they are electing to receive the earned grade.
- F) If a case of an alleged academic integrity violation might also be a violation of the Policy on Integrity of Research, then the AIO will consult with the Office of Research Affairs (ORA). If the AIO and the ORA concur that the alleged violation falls under both policies, the Executive Vice Chancellor for Academic Affairs, in consultation with the AIO, may make modifications to procedure as are necessary to coordinate the two inquiries.
- G) A student may appeal a responsibility determination of an AI Review I or II, the academic sanction determined by the instructor, and/or an administrative sanction of suspension or dismissal.
- 1) The basis for appeal of the AI Review I or II determination shall be: (i) the stated procedures were not followed; and/or (ii) there exists newly discovered important evidence that has substantial bearing on the determination of the Review Panel. If an AI Review appeal is granted, the student will receive a new Review in front of new Panel members.
- 2) If an AI Review appeal is not granted, the determination of the AI Review I or II shall be final and no further AI Review appeals may be submitted.
- 3) Appeals of the academic sanction will be considered in accordance with San Diego Senate Regulation 502. Grade Appeals.
- 4) The basis for appeal of the administrative sanctions shall be the student's sanctions are out-of-line with the sanctioning guidelines. Only one administrative sanction appeal per case is allowed.
- H) A record of the administrative sanction(s) shall be maintained by the AIO and the appropriate AAA.

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

- I) Until an allegation of an academic integrity violation has been resolved, the assigned “X” grade for the course will remain, but the student’s transcript will show a blank grade for the course. The Office of the Registrar will note in the text attached to the course (i.e., not on the student’s transcript) that the grade was held due to a “Pending Charge of Academic Dishonesty”. The grade hold will not be removed until notification from the AIO that the case has been resolved.
- J) A student shall not be allowed to make any changes to a course (e.g., change grading options, change units, or withdraw) if the instructor has filed an Intent to Report^[i] or an Allegation Report to the AIO within the timeline specified in the Procedures. If a student does make any such changes, the change will be administratively reversed by the Office of the Registrar. A student may make changes to a course if the instructor does not submit an Intent to Report and the change occurs between the instructor’s deadline for filing an Intent to Report and the filing of the Allegation Report. However, in such cases the resolution process will proceed as described even if no academic sanction will be applied.
- [i] See the corresponding Procedures. [AM 12/1/20]
- K) If a student has been found responsible for an academic integrity violation, the grade assigned by the instructor will be counted in the GPA even if the course is retaken. The Office of the Registrar will permanently note in text attached to the course (i.e., not on the student’s transcript) that the grade was given as a result of “Academic Dishonesty”.
- L) If a passing grade is assigned to a student found responsible for an academic integrity violation and a conflict arises because of the student’s enrollment in a duplicate, cross-listed, or equivalent course taken after the charge has been resolved, the Office of the Registrar shall ensure that the grade given in the course with the Academic Dishonesty charge is not removed from the GPA. All other academic regulations pertaining to duplicate course enrollment will be enforced.
- M) If an involved student was enrolled at UC San Diego at the time the alleged violation occurred but ceases to be enrolled at any point during the resolution of a case, the process will continue as indicated in this Policy and the Procedures. If the student graduated before the allegation was filed, the Academic Integrity Office can elect to not initiate an allegation if there would be no academic or administrative sanctions imposed.
- N) If the administrative sanction is suspension or dismissal, the fact that a student was suspended or dismissed for academic dishonesty must be posted on the academic transcript for the duration of the sanction.
- O) The AAAs and the AIO may place Holds on the transcripts, admission, awarding of degree and registration when students have unresolved cases, overdue administrative sanctions, or imposed Suspensions or Dismissals. When Holds are placed the student will be notified in writing of the Hold, the reason for the Hold, and the process for requesting the removal of the Hold. [EN 12/1/20]

2 UC SAN DIEGO ACADEMIC INTEGRITY POLICY

- P) If there is evidence that a student fabricated information and/or furnished false information at any point during the process of resolving an academic integrity violation allegation, the student may be reported to the Office of Student Conduct for a non-academic conduct code violation and administrative sanctions may be imposed.
- Q) For records retention purposes, a case pursuant to this Policy is considered closed when the outcome is decided and the student has no further appeals that could alter the outcome.

IV) Review of this Policy & its Associated Procedures

The Educational Policy Committee shall periodically review this Policy and the associated Procedures as it deems necessary. In addition, the Academic Integrity Office and Committee on Academic Integrity Policy and Procedures (CAIPP) can review and propose changes for approval by EPC. All Policy changes approved by the EPC will be forwarded to Academic Senate Representative Assembly for official approval before implementation.

3 POLICY ON STUDENTS WITH DISABILITIES AND STEPS FOR ACADEMIC ACCOMMODATION

[Approved by Representative Assembly 4/26/94, Amended 2/27/01, 3/1/11]

The following guidelines define procedures for obtaining academic accommodations for students at the University of California, San Diego (UCSD). These procedures are designed to be consistent with the requirements of Section 504 of the Federal Rehabilitation Act of 1973, and the Americans with Disabilities Act as well as the academic mission of UCSD. Section 504 regulations state that:

No qualified handicapped student shall, on the basis of the handicap, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any post-secondary education program or activity... [34 C.F.R. Section 84.43(a)]

[An institution] ... shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student... Modification may include changes in the length of time permitted for completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted [34 C.F.R. Section 84.44(a)].

Academic accommodations are defined as adjustments or modifications to coursework, course requirements (such as final examinations) and program requirements (such as comprehensive or qualifying examinations) that allow students with disabilities to accomplish the fundamental and essential components of the course of study. The guidelines that follow refer only to academic accommodations. The Office for Students with Disabilities (OSD) is the source for assistance and guidance in using these procedures. Access to facilities is addressed in the UCSD Disability Access Guidelines, Policy and Procedures Manual Section 200-9. Other University policies, guidelines and procedures are available to students who wish to address issues regarding disabilities other than academic accommodation. For example, complaints regarding discriminatory practices based upon disability should be addressed to the Office of Student Policies and Judicial Affairs, and the UCSD Policies and Procedures Applying to Student Activities and Student Conduct Code, Section 23.10.12 Student Grievance Procedures. For assistance with locating appropriate offices and processes, contact the Director, Office for Students with Disabilities, Building 202 University Center.

Responsibilities of Students

- 1) It is the responsibility of a student who has been diagnosed as having a disability, or who believes that he or she may have a disability, and who believes he or she will desire accommodation to register promptly with OSD. It is the responsibility of OSD to provide certification if the student's disability causes a significant functional limitation in the academic environment. The student must cooperate with OSD in its evaluation of the disability for certification and accommodation needs that is based on the student's limitations arising from a certified disability. Information and documentation of disabilities are held in confidence. The disability is not identified in the letter of certification/recommendation and information about the disability is not provided to other parties without the written consent of the student.

3 POLICY ON STUDENTS WITH DISABILITIES AND STEPS FOR ACADEMIC ACCOMMODATION

- 2) A student must present an OSD letter of certification and OSD accommodation recommendation to the appropriate faculty member in order to initiate the request for accommodation in classes, examinations, or other academic program activities. No accommodations can be implemented retroactively.
 - a) A student must acquire an OSD accommodation recommendation for each course or academic activity in which he or she wants accommodation.
 - b) With regard to a course accommodation request, the student should meet with the course instructor within the first two weeks of instruction. If the student receives the OSD accommodation recommendation for a specific course or activity at any time after the first two weeks of instruction, becomes disabled during the quarter, or registers for classes late, the instructor should be contacted as early as possible within the quarter to allow reasonable time for implementation.
 - c) Prior to provision of any academic accommodation, a graduate student who is undertaking dissertation or thesis research, or preparing for written or oral qualifying exams must acquire OSD certification and accommodation. It is the student's responsibility to make arrangements for accommodation approval with the faculty member responsible for organizing and conducting the activity reasonably in advance of the time that the accommodation is needed.
- 3) The student is expected to complete all fundamental and essential academic requirements. A student may do this by completing program or major course work or by completing substitutions authorized by the department, program, or college.
- 4) If a student is not able to reach agreement on accommodations with the faculty members on an issue of immediate concern, the student may request that OSD schedule a joint meeting of OSD, the faculty member, and the department chair, program director or college provost as appropriate in order to expedite a review of the request. If the faculty member involved is also the department chair the student should request participation at the next higher level by the appropriate dean (or the person designated by the dean). The student may simultaneously initiate the formal appeals process.

Responsibilities of Faculty Members

- 1) When a student who has not been certified by OSD presents a course instructor, dissertation/thesis advisor, or examiner with a request for accommodation, the faculty member should immediately refer the student to the OSD. The faculty member shall not diagnose or evaluate the disability and shall not request or require additional information regarding the actual diagnosis or confidential information regarding the nature of the disability. Accommodations cannot be made retroactively.

3 POLICY ON STUDENTS WITH DISABILITIES AND STEPS FOR ACADEMIC ACCOMMODATION

- 2) When presented with a request for accommodation by a student with OSD certification, the faculty member or advisor should provide accommodations recommended by OSD, unless in the faculty member's judgment the accommodations are unreasonable because they will fundamentally alter an academic requirement. In the event of questions or concerns related to the accommodation recommendations or student needs, or if assistance is needed to implement an accommodation, the faculty member should seek OSD assistance. A faculty member who cannot meet the student's request should seek to resolve the matter promptly in consultation with OSD and the department chair, program director, or college provost, as appropriate.
- 3) Requests for substitution of a required course or any other modification of a program requirement should be approved by the appropriate academic authority (department chair or provost) only after consultation with OSD.

Appeals

Students who disagree with the response to their request for accommodation may appeal the faculty decision or action at any time during the quarter to the Educational Policy Committee. This is a standing committee of the Academic Senate. Appeals shall be submitted in writing, addressed to the Educational Policy Committee, c/o Academic Senate, Mail Code 0002, or delivered in person to the Academic Senate Office, Building 214/215 University Center, no later than 30 calendar days after the faculty decision or action. A decision will be rendered within 30 days of the filing date of the appeal. The ruling of the Committee may be appealed by either the student or the faculty member to the Senior Vice Chancellor-Academic Affairs, whose decision shall be rendered within 30 days and shall be final. Appeals shall be submitted in writing to the Senior Vice Chancellor-Academic Affairs Office, Building 105 University Center, no later than 30 calendar days after the Committee's decision.

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

[Approved by San Diego Division 6/29/83, Am 3/1/11]

The quality of intellectual life at the University of California rests not only on the strength of individual academic departments and organized research units, but also on the breadth of offerings and opportunities for study available on each campus. The disestablishment of academic programs and units is a grave matter that is the direct responsibility of the Academic Senate and its appointed committees. Because it affects a segment of the academic community in particular, and the whole academic community in general, disestablishment should be undertaken only after the most serious consideration. The Undergraduate Council and the Graduate Council should make every effort to correct deficiencies in an academic program or unit before undertaking deliberation of its disestablishment.

Programs and academic units should not be disestablished in order to cope with temporary or transitory financial difficulties, and every effort should be made to deal with these in an equitable manner. Before proposing the disestablishment of academic programs or units, the administration is expected to demonstrate that the financial exigency is not temporary and cannot be met by reduction in administration staff and personnel. If cuts in the academic functions of the university are unavoidable, first consideration should be given to dividing the necessary budget reductions equitably among all departments and programs in such a way as to minimize permanent damage to the vital educational and research missions of the University.

These procedures for the San Diego Division of the Academic Senate have been established pursuant to the Systemwide Policy on Transfer, Consolidation, Disestablishment, and Discontinuance of Academic Programs and Units, dated September 19, 1979.

For purposes of this policy an academic program is defined as a sequence of courses and examinations leading to a degree; it does not include a concentration within a major, but it does include an established interdepartmental program. An academic unit is defined as a school, college, department, or division within a school, college, or department. It does not include an organized research unit; procedures for organized research units are those established on a Systemwide basis.

In what follows the word "disestablish" and its derivatives will be used to simplify reference to any of the four possibilities: transfer, consolidation, disestablishment, or discontinuance.

- I) General Provisions
 - A) Any issues pertaining to these procedures, but not covered explicitly by this policy, shall be resolved by the Senate Council.

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

- B) Any decision or recommendation to transfer, consolidate, disestablish, or discontinue an academic program or unit shall be preceded by an ad hoc review of the program or unit. All proposals for the disestablishment of academic programs or units shall be considered by an ad hoc committee of five members, which shall comprise one person delegated by each of the following standing committees: Committee on Academic Personnel, Undergraduate Council, Graduate Council, and Committee on Planning & Budget, from among its members, and a fifth member at large to be appointed by the Committee on Committees. The ad hoc committee shall have the authority to request documentation pertinent to the proposed disestablishment from both the administration and all related academic groups. It may seek expert advice from persons within or outside the University. It shall submit its report to the Senate Council within thirty days of its appointment. A copy of the report shall immediately be sent to the chair or other principal officer of the program or unit concerned.
- C) Academic programs may be disestablished for academic or financial reasons.
- 1) If the Senate Council decides that academic considerations principally apply, the ad hoc committee shall undertake a broad investigation to ascertain the quality and effectiveness of the academic unit or program in question.
 - 2) If the Senate Council decides that financial and budgetary considerations principally apply, the ad hoc committee is charged to elicit from the Chancellor and his administrative officers, at the minimum, a budgetary and fiscal analysis showing a consideration of the following:
 - a) Whether the budgetary deficiency is a temporary or short-term financial perturbation.
 - b) Whether the disestablishment of the academic program or unit in question is the most feasible way of meeting the alleged financial exigency, and
 - c) Whether cuts across the board are feasible and can be equitably made. These cuts may include terminating temporary appointments and dismissing non-tenured faculty members of programs and units.

The ad hoc committee shall closely examine the implications of this information and solicit whatever additional material is required in order to present a complete report to the Senate Council. In all cases arising from financial exigency, it should examine and explore other ways of solving the fiscal problems.
- D) Agencies of the Academic Senate charged with making recommendations or decisions pertaining to disestablishment of academic programs or units shall:
- 1) extensively consult students and faculty who are affected by the proposed change;
 - 2) consider whether arrangements for peer review from outside the University shall be requested; and

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

- 3) notify the Chancellor and consult with the President early in the process
 - a) if the academic program or unit under consideration appears to be unique to the University, or
 - b) if it is believed that the disestablishment may have systemwide effects or effects on higher education programs in California other than within the University of California.
 - E) If the disestablishment of an undergraduate or graduate academic program includes disestablishment of a degree, final decision with respect to the degree shall be made by the Regents on the recommendation of the President.
 - F) In any case in which disestablishment of an academic program or unit would involve intercampus transfer or consolidation, the procedures set forth in sections I, II, III, and IV shall apply. As appropriate, the Chancellor will arrange for coordination with other campuses and the President.
 - G) Arrangements shall be made for the orderly and appropriate accommodation of academic and staff employees whose positions are affected by a decision to disestablish or discontinue or to transfer to another campus or to combine with another program or programs on a different campus. These arrangements shall be in accordance with existing personnel policies to the extent that they are adequate for each specific decision. Where existing policies are not adequate, supplemental policies shall be developed by the Systemwide Administration through appropriate consultation with the Academic Senate. Until such policies are adopted, historical precedent and established practice shall supplement existing personnel policies.
 - H) The campus shall report such transfers, consolidations, and discontinuances annually in its Academic Program inventory.
- II) Procedures for the Disestablishment of Undergraduate Programs
- Proposals for the disestablishment of undergraduate programs, including undergraduate major curricula, may be initiated by departments, by review committees, by the Academic Senate through the Undergraduate Council or the Senate Council, by the Senate-Administration Council, or by the Chancellor. Such proposals shall be submitted to and screened by the Undergraduate Council before any further action is taken.
- A) Before any action is taken by the Undergraduate Council, it shall submit the proposal to an ad hoc committee for review and recommendation as provided in Section I.B.
 - B) The Undergraduate Council shall send notification of the proposal to those faculty members and students concerned.

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

- C) Any member of the faculty of the department or interdisciplinary program concerned, or any other interested parties, may petition for a hearing before the Undergraduate Council within thirty days of notification. The hearing must be scheduled by the Undergraduate Council within fifteen days of receipt of the report of the ad hoc committee. Representatives of the Educational Policy Committee, Graduate Council and the Committee on Planning & Budget shall attend the hearing.
 - D) Upon completion of the procedures prescribed in part C, and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Undergraduate Council to which the members of the Educational Policy Committee, Graduate Council and Committee on Planning & Budget are invited. Whatever decision or recommendation is made by the Undergraduate Council shall be immediately transmitted to the chair or other principal officer of the program or unit concerned. Undergraduate Council shall transmit its recommendation to the Senate Council.
 - E) The final decision of the Senate Council shall be transmitted to the Chancellor and shall immediately be reported to the Division through a notice sent to each member. It may be appealed in accordance with the provisions of Bylaw 155(A).
 - F) Students enrolled in any program to be disestablished shall be accommodated in a fashion that will ensure completion to the degree.
- III) Procedures for the Disestablishment or Discontinuance of Graduate Programs.
- Proposals for the disestablishment or discontinuance of graduate programs may be initiated by departments, by review committees, by the Academic Senate through the Education Policy Committee or the Graduate Council or the Senate Council, by the Senate-Administration Council, or by the Chancellor. Such proposals shall be submitted to and screened by the Graduate Council before any further action is taken.
- A) Before any action is taken by the Graduate Council, it shall submit the proposal to an ad hoc committee for review and recommendation as provided in Section I.B.
 - B) The Graduate Council shall send notification of the proposal to those faculty members and students concerned.
 - C) Any member of the faculty of the department or interdepartmental program concerned, or any other interested parties, may petition for a hearing before the Graduate Council within thirty days of notification. The hearing shall be scheduled by the Graduate Council within fifteen days of receipt of the report of the ad hoc committee. Representatives of the Educational Policy Committee, Undergraduate Council and Committee on Planning & Budget shall attend the meeting.

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

- D) Upon completion of the procedures prescribed in part C, and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Graduate Council to which the members of the Educational Policy Committee, Undergraduate Council and the Committee on Planning & Budget are invited. Whatever decision or recommendation is made by the Graduate Council shall be immediately transmitted to the chair or other principal officer of the program or unit concerned.
 - E) The recommendation of the Graduate Council shall be submitted to the Representative Assembly or the Division at its next meeting. If either the Graduate Council or the program or unit concerned requires additional time to prepare an adequate presentation, the Chair of the Division may grant a postponement until the next regularly scheduled Representative Assembly or Divisional meeting or until a special meeting to be held not more than thirty days thereafter. At that meeting at which the presentation of the case is completed, the Division shall take final action on the Graduate Council's recommendation. The decision of the Representative Assembly or the Division shall be reported to the Chancellor and to the Coordinating Committee on Graduate Affairs.
 - F) Students enrolled in any program to be disestablished shall be accommodated in a fashion that ensures completion to the degree.
- IV) Procedures for Disestablishment or Discontinuance of Academic Units
- Proposals for the disestablishment or discontinuance of academic units may be initiated by the Chancellor, the Vice Chancellor for Academic Affairs, a dean, the Council of Provosts, the Senate-Administration Council, the chair of the unit, or faculty members in the unit, or -- generally, but not exclusively, as a consequence of a Senate review of an academic program -- by the Division through the Undergraduate Council, Educational Policy Committee, the Graduate Council, the Committee on Planning & Budget, or the Senate Council. Proposals originating from other than the Senate Council shall be submitted to and screened by the Senate Council, which is the agency of the Division responsible for overseeing these procedures for the disestablishment of academic units.
- A) Before any action is taken by the Senate Council, it shall submit the proposal to an ad hoc committee for review and recommendation, as provided in Section I.B.
 - B) The Senate Council shall send a notice of the proposal to the faculty members and students involved.
 - C) While considering such a proposal, the Senate Council may request that appropriate Senate committees review various aspects of the proposal and report to it.

4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

- D) Any member of the faculty of the unit concerned, or any other interested parties, may petition for a hearing before the Senate Council within thirty days of notification. The hearing must be scheduled by the Senate Council within fifteen days of receipt of the report of the ad hoc committee. At this hearing, interested administrative officers, faculty members, and students shall have an opportunity to present their views on the proposal.
- E) Upon completion of the above procedures and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Senate Council to which the members of the appropriate Senate committees are invited.
- F) The final decision of the Senate Council shall be transmitted immediately to the Chancellor, to the chair or other principal officer of the unit concerned, and to the Division by a notice sent to each member. Students and faculty members of the unit shall be notified.
- G) The recommendation of the Senate Council shall be submitted to the Representative Assembly or the Division at its next meeting. If either the Senate Council or the unit concerned requires additional time to prepare an adequate presentation, the Chair of the Division may grant a postponement until the next regularly scheduled Representative Assembly or Division meeting or until a special meeting to be held not more than thirty days thereafter.
