3) The chair of the committee will promote settlement of grievance cases on behalf of the committee or may delegate this authority to a committee member. Settlement discussions will not be admissible in any committee hearing.

4) Upon conclusion of a hearing, if the committee finds that the Senate member’s rights and privileges have not been violated, but believes that conduct directed at the grievant was inconsistent with the campus’s Principles of Community, the committee may advise the Administration to take action to curtail such conduct.
The committee will annually submit a summary of its cases to Senate Council and to the University 
(systemwide) Committee on Privilege and Tenure. Specifically, it will report the final disposition and also

C) It shall be the duty of this committee to recommend to the President, through the Chancellor at San Diego, the
awarding of undergraduate scholarships, including competitive awards, according to the terms of the various
foundations, subject to such conditions as the Division and the University Committee on Educational Policy may
prescribe. The committee shall also establish minimum standards for undergraduate honors, shall remind the
colleges and schools at appropriate times during the academic year of the program of awards of undergraduate
honors, and shall ascertain that each college and school fulfills its obligations under that program. [See SR 640]
A) This committee shall consist of seven members of the San Diego Division, and the Associate Vice Chancellor for Extended Studies and Public Service, ex officio. [Am 1/28/92]

B) The duties of this committee shall be the following: [Am 1/25/92]

1) University Extension

   a) It shall advise the Chancellor and the Dean of the University Extension on the San Diego campus on any matters referred by them to the committee.

   b) It shall initiate recommendations to the Chancellor and the Dean of University Extension on the San Diego campus concerning the functions and the educational and related budgetary and personnel policies of University Extension.

   c) It shall serve as an advisory committee of the Division to consult with the Chancellor and the University Dean of University Extension regarding the appointment of the Dean of University Extension.

   d) It shall advise the Dean of University Extension on the San Diego campus and the departments, colleges, and Graduate Division at San Diego with respect to the following:

      i) establishment, continuance, and discontinuance of Extension programs,

      ii) criteria for appointment and retention of Extension teaching staff,

      iii) policy concerning acceptance of financial support for Extension programs from sources outside the University,

      iv) establishment of requirements for admission to Extension courses yielding credit toward an academic degree,

      v) coordination, in such respects as it may deem advisable, of the relations of University Extension on the San Diego campus with the San Diego Division.

2) Public Service Programs [Am 5/24/11]

   a) It shall advise the Associate Vice Chancellor for Extended Studies and Public Service on the following:

      i) educational programs serving special interest populations,

      ii) low-power television station,

      iii) public service programs.
3) It shall review the annual report of the Associate Vice Chancellor for Extended Studies and Public Service, and submit an annual report and such interim special reports as it may deem advisable to the San Diego Division. [Am 5/24/11]

4) It shall consider such other matters as are referred to it by the Academic Senate or the administration. [Am 5/24/11]
265 UNIVERSITY WELFARE [Replaced by Committee on Faculty Welfare (2/28/95) -- See Bylaw 218]
The Faculties of the Division are those of the various colleges, and of the graduate and professional schools. Faculties are thus parallel to administrative units with the same names. The members of a Faculty are those members of the Division who are assigned to the parallel administrative unit, members from other Faculties who have been invited to membership, and also [see SBL 45] the President of the University, and the Chancellor at San Diego. [Am 5/23/95]
A) Each Faculty is authorized to organize, select its officers and committees, and adopt any procedural rules and regulations consistent with the legislation of the Senate and the Division. The administrative head of the parallel administrative unit shall be ex officio a member of the executive committee of the Faculty, but he or she shall not be eligible to serve as chair of the Faculty. The chair of the Faculty and the members of the executive committee shall be selected by the Faculty.

B) Each Faculty is authorized to present to the Division recommendations and proposals for modifying Divisional legislation, and, at its discretion, may delegate portions of its authority to its committees or executive officers. The Division or the Assembly may from time to time impose specific duties on a Faculty.

C) Each college Faculty, upon approval of its academic plan by the Division [see Bylaw 200(B)(4)], shall implement the plan, subject to review by the Committee on Educational Policy and Courses on behalf of the Division. [Am 5/25/76]
No change in the curriculum of any Faculty shall be made by the Division until the proposed change has been submitted to the formal consideration of the Faculty concerned.
A) Grades and Grade Points

1) The work of students will be reported in terms of the following grades: A (excellent), B (good), C (fair), D (poor), F (fail), I (incomplete), IP (in progress), P (pass), NP (not pass), S (satisfactory), U (unsatisfactory). The grades A, B, and C may be modified by plus (+) and minus (-) suffixes. [Am 2/22/83, Rt by Assembly 5/25/83]

2) At the end of each quarter, the instructor of each course will assign a letter grade to each student who was enrolled in that course at the end of the ninth week of instruction on the basis of the work required for the entire course. An I grade may be assigned, if appropriate [see Regulation 500(B)]. [En 5/27/80, Rt by Assembly 3/11/81]

3) For each student the Registrar will calculate a grade point average (GPA) over courses taken at any campus of the University of California, not including Extension courses. Grade points per unit will be assigned as follows: A 4, B 3, C 2, D 1, F 0. When attached to the grades B and C, plus (+) grades carry threetenths of a grade point more per unit. The grade of A+, when awarded, represents extraordinary achievement but does not receive grade point credit beyond that received for the grade of A. When attached to the grades of A, B, and C, minus (-) grades carry threetenths of a grade point less per unit than the unsuffixed grades. Courses in which an I, IP, P, NP, S, U, or W grade has been awarded will be disregarded in grade point calculations. A graduate student's GPA will be calculated over courses taken while in graduate standing. [Am 5/27/80, Rt by Assembly 3/11/81, Rt by Assembly 5/25/83]

B) The I Grade

1) The grade I may be assigned to a student's work when the work is of nonfailing quality, but is incomplete for good cause (illness, for example). The deadline for filing a request for an Incomplete shall be no later than the first working day after final examination week. An instructor may not grant a request for an Incomplete for other than such good cause. [Am 5/25/93, Am 4/23/96]

2) The instructor shall make arrangements with the student for completion of the work required at the earliest possible date, but no later than the last day of the finals week in the following quarter. If not replaced by this date, the I grade will lapse into a failing grade. The instructor may neither agree nor require that the student wait until the next time the course is offered in order to make up incomplete work, but must make individual arrangements for the timely completion of the work. [Am 10/25/77, Am 4/23/96, Am 2/23/10]

3) Except as provided under Academic Senate Regulation 634, the I grade shall be disregarded in determining a student's gradepoint average.

C) The IP Grade
1) For exceptional and compelling reasons, a course extending over more than one quarter may be authorized with the prior approval of the Undergraduate Council (for undergraduate courses) or the Graduate Council (for graduate courses). In such courses an evaluation of a student's performance may not be possible until the end of the final term. In such cases the instructor may assign the provisional grade IP (in progress). [Am 3/1/11]

2) IP grades shall be replaced by final grades if the student completes the full sequence. The instructor may assign final grades, grade points, and unit credit for completed terms when the student has not completed the entire sequence provided that the instructor has a basis for assigning the grades and certifies that the course was not completed for good cause. An IP not replaced by a final grade will remain on the student's record.

3) In calculating a student's grade point average, grade points and units for courses graded IP shall not be counted. However, at graduation, courses still on the record as graded IP must be treated as courses attempted in computation of the student's grade point average in assessing a student's satisfaction of Senate Regulation 634.

D) The P and NP Grades

1) Consistent with college policy, an undergraduate student in good academic standing may elect to be graded on a P/NP basis in a course. No more than one fourth of an undergraduate student's total UCSD course units may be in courses taken on a P/NP basis. Departments may require that courses applied toward the major be taken on a letter grade basis. [Am 5/24/77, Am 4/24/79, Am 5/26/81, Rt by Assembly 12/2/81, Am 4/27/93]

2) Registration on a P/NP basis must take place before the end of the fourth week of the quarter. [Am 2/26/91]

3) In any course, the minimum standard of performance for a grade of P shall be the same as the minimum for a grade of C. [EC 2/22/77, Am 5/24/83, Rt by Assembly 5/9/84]

4) Units earned with the grade of P shall be counted in satisfaction of degree requirements, but units taken on a P/NP basis shall be disregarded in determining a student's gradepoint average.

5) An undergraduate student's work in a noncredit course shall be reported on a P/NP basis. [En 5/23/78]

E) The S and U Grades

1) With the approval of the Graduate Council, departments may offer graduate courses in which graduate students may be graded on an S/U basis, and courses in which graduate students shall be graded only on an S/U basis. [Am 5/24/77]

2) A graduate student's work in a noncredit course may be reported on an S/U basis. [Am 5/24/77]
3) With the approval of the department and the instructor concerned, a graduate student may elect to have his/her work in any undergraduate course or in a graduate course outside his/her major graded on an S/U basis. [En 5/24/77, Am 11/28/78, Am 11/28/95]

4) With the approval of the department and the instructor concerned, a graduate student who has advanced to candidacy for the Ph.D. degree may take any course on an S/U basis. [En 5/24/77, Am 5/23/78]

5) The minimum standard of performance for a grade of S shall be the same as the minimum for a grade of B. [En 5/24/77, Am 5/24/83, Rt by Assembly 5/9/84]

6) Registration on an S/U basis must take place at the beginning of the quarter.

F) The NR Designation [Rp 4/25/95]

F) The W Grade [En 5/27/80, Am 5/20/08]

1) When a student withdraws from the University or drops a course, other than a laboratory course, between the beginning of the fifth week of instruction and the end of the ninth week of instruction of a quarter, the Registrar will assign a W to the student for each course affected. A student who drops a laboratory course after the second laboratory session will receive a W for the course. Only the Registrar may assign a W. [Regulation 501] [Am 4/23/91]

2) Courses in which a W has been entered on the student's transcript will be disregarded in determining a student's grade point average and will not be considered as courses attempted in assessing the student's satisfaction of Senate Regulation 634 for graduation.

3) Except as provided in SD 501(C)(2), a student may receive a maximum of one W per course. [En 5/20/08]

G) Blank on Students' Transcript [En 4/25/95]

1) If a student's name appears on the end of quarter course list for a course, but no grade is reported, the Registrar will leave a blank for that course on the student's transcript.

2) A blank which is not replaced by a grade assigned by the instructor, after one quarter on a student's record, will then be replaced by an F, NP, or U grade.

H) Grade Changes

1) All grades except I and IP are final when filed by an instructor in the end of term course report. However, a final grade may be corrected when a clerical or procedural error is discovered. No change of a final grade may be made on the basis of revision or augmentation of a student's work in the course. No term grade except Incomplete may be revised by further examination. No grade may be changed after one calendar year from the time the grade was recorded. [Am 4/27/76, Am 11/24/81, Rt by Assembly 5/26/82, 10/29/85]
501 ADDING AND DROPPING COURSES AND WITHDRAWAL [En 5/27/80, Rt by Assembly 3/11/81, Am 3/2/82, Rt by Assembly 5/26/82]

A) A student may add a course before the end of the second week of instruction of a quarter, and with the approval of the instructor and department add a course to the study list before the end of the final week of instruction. [Am 5/25/10]

B) Except as provided in paragraph (D), a student may drop a course before the end of the ninth week of instruction by filing the appropriate form with the Registrar, after first notifying the instructor and/or department.

1) A course dropped before the end of the fourth week of instruction will not be entered on the student's transcript.

2) If a student drops a course after the end of the fourth week of instruction and before the end of the ninth week of instruction, unless permitted to do so by paragraph (D)(1), the Registrar shall assign a final grade of W to the student for that course.

3) A student may not drop a course after the end of the ninth week of instruction unless permitted to do so by paragraph (D)(1).

C) A student may withdraw from the University before the end of the ninth week of instruction of a quarter. The Registrar is responsible for notifying the appropriate instructors and/or departments that the student has withdrawn.

1) If a student withdraws before the end of the fourth week of instruction, no course entries will appear on the student's transcript for that quarter unless such entries are required by paragraph (D).

2) If a student withdraws after the end of the fourth week of instruction and before the end of the ninth week of instruction, the Registrar will assign a final grade of W to the student for each course in which the student was enrolled at the beginning of the fifth week of instruction unless a different grade is required by the provisions of paragraph (D).

D)

1) A student who is charged with academic dishonesty in a course may not drop it before the final decision is rendered in the case in accordance with the UCSD Policy on Integrity of Scholarship. If the charges are not sustained, the student may either complete the course, and where appropriate change to P/NP or S/U grading, or drop the course; and if the student drops the course it shall not be listed on his or her transcript.

2) The withdrawal of a student from the University shall not prevent the permanent entry on his or her transcript of grades assigned in accordance with the UCSD Policy on Integrity of Scholarship.
A)

1) If a student believes that nonacademic criteria have been used in determining his/her grade in a course, he/she may follow the procedures described in this Regulation.

2) Nonacademic criteria means criteria not directly reflective of academic performance in the course. It includes discrimination on political grounds, or based on a protected trait, including but not limited to a student's gender, race, religion, national origin, sexual orientation, or disability. [Am 5/26/15]

3) Appeals to this committee [see (B)(4)] shall be considered confidential. Neither any member of the subcommittee nor the Academic Senate Office shall release any information about the appeal except as specifically provided in this Regulation [Am 6/10/97]

4) If a medical student wishes to appeal a grade in a School of Medicine course, he or she must follow procedures described in Regulation 503, instead of Regulation 502. [Am 1/28/14]

B)

1) The student must attempt to resolve the grievance with the instructor within the first month of the following regular academic quarter. [Am 6/10/97]

2) If the grievance is not resolved to the student's satisfaction, he/she may then attempt to resolve the grievance through written appeal to the department chair or equivalent, who shall attempt to adjudicate the case with the instructor and the student within two weeks.

3) If the grievance still is not resolved to the student's satisfaction, he/she may then attempt to resolve the grievance through written appeal to the provost of his/her college, or the Dean of Graduate Studies, who shall attempt to adjudicate the case with the instructor, the chair and the student within two weeks. [Am 1/28/14]

4) If the grievance is not resolved to the student's satisfaction by the provost or dean, the student may request consideration of his/her appeal by the Educational Policy Committees (hereinafter called the committee) according to the procedures outlined below. This request must be submitted before the last day of instruction of the quarter following the quarter in which the course was taken. [Am 3/1/11]

C)

1) The student's request for committee consideration should include a written statement outlining the nature of the grievance, including copies of any and all documents in his/her possession supporting the grievance. The submission of the statement to the committee places the case before it and restricts any change of the challenged grade to a change initiated by the committee, unless the committee determines that all other avenues of adjudication have not been exhausted. [Am 6/10/97]
2) Upon receipt of the student's request, the committee shall immediately forward a copy of it to the instructor, the department chair or equivalent, and the provost or dean, with a request for written reports of their attempts to resolve the complaint. [Am 6/10/97]

3) The committee, after having determined that all other avenues of adjudication have been exhausted, shall review the complaint and the reports to determine if there is substantial evidence that nonacademic criteria were used. [Am 6/10/97]

   a) If the committee finds substantial evidence that nonacademic criteria were used, it shall follow the procedure in paragraph (D) below.

   b) If the committee decides the allegations are without substance, it shall serve written notification of its findings to the complainant and to the instructor within two weeks. Within ten days the complainant or the instructor may respond to the findings. If there are no responses, or if after consideration of such responses the committee sustains its decision, the grade shall not be changed. [Am 6/10/97]

D)

1) If the committee determines that there is evidence that nonacademic criteria were used, it shall interview any individual whose testimony might facilitate resolution of the case. The complainant shall make available to the committee all of his/her work in the course which has been graded and is in his/her possession. The instructor shall make available to the committee all records of student performance in the course and graded student work in the course which is still in his/her possession. At the conclusion of the case each document shall be returned to the source from which it was obtained. [Am 6/10/97]

2) The committee shall complete its deliberations and arrive at a decision within two weeks of its determination that evidence of the use of nonacademic criteria had been submitted. A record of the committee's actions in the case shall be kept in the Senate Office for three years.

3) If the allegations of the complainant are not upheld by a preponderance of the evidence, the committee shall so notify the complainant and the instructor in writing. Within one week of such notification, the complainant and the instructor shall have the opportunity to respond to the findings and the decision of the committee. If there are no responses, or if after considering such responses the committee sustains its decision, it shall so notify the complainant and the instructor in writing and the grade shall not be changed.
4) If the committee determines that nonacademic criteria were significant factors in establishing the grade, it shall give the student the option of either receiving a grade of P or S in the course or retro actively dropping the course without penalty. A grade of P or S awarded in this way shall be acceptable towards satisfaction of any degree requirement even if a minimum letter grade in the course had been required, and shall not be counted in the number of courses a student may take on a P/NP basis. If the student elects to receive a grade of P or S, the student may also elect to have a notation entered on his/her transcript indicating that the grade was awarded by the Divisional grade appeals committee.

a) The committee shall serve written notification of its findings and its decision to the complainant and the instructor. The complainant and the instructor may respond in writing to the findings and the decision of the committee within one week of such notification.

b) If there are no responses, or if after considering such responses the committee sustains its decision, the grade shall be changed; the committee shall then instruct the Registrar to change the grade to P or S or, if the student elected the drop option, to retroactively drop the course from the student's record. Copies of the committee's instruction shall be sent to the complainant and the instructor.

E) These procedures are designed solely to determine whether nonacademic criteria have been used in assigning a grade, and if so to effect a change of that grade.

1) No punitive actions may be taken against the instructor solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the personnel file of the instructor. The use of nonacademic criteria in assigning a grade is a violation of the Faculty Code of Conduct. Sanctions against an instructor for violation of the Faculty Code may be sought by filing a complaint in accordance with San Diego Division Bylaw 230(D). A complaint may be filed by the student or by others.

2) No punitive actions may be taken against the complainant solely on the basis of these procedures. Neither the filing of charges nor the final disposition of the case shall, under any circumstances, become a part of the complainant's file. The instructor may, if he/she feels that his/her record has been impugned by false or unfounded charges, file charges against the complainant through the Office of the Vice Chancellor for Student Affairs, or the Dean of Graduate Studies. [Am 1/28/14]

F) Where a grade appeal is based on a claim that the grade was assigned based on a protected trait, including but not limited to a student’s gender, race, religion, national origin, sexual orientation, or disability, the department chair or equivalent shall contact the Office for the Prevention of Harassment and Discrimination (OPHD). OPHD shall assist at any and all stages of a grade appeal in investigating and evaluating such claims of discrimination based on a protected trait. If the appeal is sent to the committee, the OPHD report and any other assistance that OPHD may provide will be made available to the committee. [En 5/26/15]
G) All decisions of the Committee shall be final, except as may otherwise be provided in San Diego Divisional Bylaw 205. [En 6/10/97, Am 5/26/15]
A) Beginning in fall quarter, 2010, the work of all students in those courses designated by the Faculty of the School of Medicine as constituting the Preclerkship Core Curriculum, as well as in the Principles to Practice course, will be graded P (pass) or F (fail). Beginning in summer quarter, 2014, the work of all students in core clinical clerkships will be reported in terms of four grades: H (honors); NH (near honors); P (pass); F (fail). The work of all students in all other required courses will be reported in terms of three grades: H (honors); P (pass); F (fail). [Am 4/25/95, Am 1/29/02, Am 12/1/09, Am 1/28/14]

B) In all preclerkship elective courses, grades shall be reported on a S (satisfactory) or U (unsatisfactory) grading scale. [Am 12/1/09]

C) In all third year selective courses, grades shall be reported as P (pass) or F (fail). [En 1/25/11]

D) In all fourth year elective courses, grades shall be reported as H (honors); P (pass); F (fail) unless the course director has designated a mandatory S (satisfactory) or U (unsatisfactory) grading scale and this has been approved by the Electives Committee. [En 12/1/09, Am 1/25/11]

E) No gradepoints per unit shall be assigned.

F) Grade Changes
All grades except Incomplete (I), In Progress (IP), and Provisionally Unsatisfactory (Y) are final when filed by an instructor in the end of term course report. However, a final grade may be corrected at any time when a clerical or procedural error is discovered. No term grades except I and Y may be revised by further examination.

G) Grade Appeals
A medical student may appeal a course grade by following procedures described in the UCSD School of Medicine Advisor and Student Handbook.

H) Definitions of Grades. Student evaluation is based on the following:

1) The H Grade:
The grade H (Honors) is assigned to those students whose overall academic performance in a third-year core clerkship or a fourth-year elective is considered to be outstanding. Honors grades are not granted in preclerkship core or preclerkship elective courses or third-year selective courses nor in the Independent Study Project.

2) The NH Grade:
The grade NH (Near Honors) is assigned to those students whose overall academic performance in a third-year core clerkship is significantly higher than a Pass grade, but lower than an Honors grade. Near Honors grades are not granted in preclerkship core courses, preclerkship elective courses, third-year selective courses, fourth-year elective and core courses, or in the Independent Study Project.
3) The P Grade:
The grade P (Pass) is assigned to those students whose overall performance in a required course is satisfactory.

4) The F Grade:
The grade F (Fail) is assigned to those students whose overall performance in a required course is unsatisfactory. The assigned F (Fail) grade will remain on the transcript. When an F grade is remediated by examination, a memorandum to that effect will be posted to the transcript. If the F grade is remediated by repetition of the course, the course will appear chronologically a second time on the transcript.

5) The S Grade:
The grade S (Satisfactory) is assigned to those students whose overall performance in a preclerkship elective course is satisfactory.

6) The U Grade:
The grade U (Unsatisfactory) is assigned to those students whose overall performance in a preclerkship elective course is unsatisfactory. The assigned U (Unsatisfactory) grade will remain on the transcript.

7) The Y Grade:
The grade Y (Provisionally Unsatisfactory) is assigned as an initial grade. A Y grade is replaced either by a P (Pass) or S (Satisfactory) grade when the requirements for the course have been satisfied; or, if a student fails to complete the requirements satisfactorily within a period of time determined by the course instructor, an F (Fail) or U (Unsatisfactory) grade is assigned. The Y grade cannot be replaced by a Near Honors or an Honors grade.

8) The I Grade:
The grade I (Incomplete) is assigned when a student’s work is of passing quality but is incomplete for good cause (illness or family emergency, for example). The grade I will be replaced with a grade when the remaining course work is completed. The instructor shall make arrangements with the student for completion of the work required at the earliest possible date, but no later than one year following the course. An extension to this deadline may be granted by the Associate Dean for Undergraduate Medical Education, if there are extenuating circumstances.

9) The IP Grade:
For courses extending over more than one quarter, and in which evaluation of a student’s performance is deferred until the end of the final quarter, a grade of “In Progress” (IP) shall be assigned and replaced by a final grade when the student completes the course sequence.
10) The W Grade:

The grade W (Withdraw) is assigned when a student has completed some portion of the course and for personal, medical, or other reasons must withdraw from the course. Students are not generally permitted to withdraw after the midpoint of a course. If a student withdraws after the midpoint of a course, the W grade will remain on the transcript. If the course is repeated at a later date, it will appear a second time on the transcript. The Withdraw grade must be approved by the Associate Dean for Undergraduate Medical Education. The Associate Dean for Undergraduate Medical Education may approve exceptions to the assignment of the W grade, including allowing a student to withdraw after the midpoint of a course if there are extenuating circumstances. [Am 12/9/14]

11) Blank on a Student's Transcript: [En 12/9/14]

(1) If a student's name appears on the end of quarter course list (or roster) for a course, but no grade is reported, the Registrar will leave a blank for that course on the student's transcript.

(2) If a blank on a student's transcript is not replaced by a grade that is assigned by the course instructor, then it will be automatically replaced by an F or U grade at the end of the following quarter.
Repetition for credit of courses not so authorized by the appropriate Committee on Courses is allowed subject to the following limitations:

A) A student may not repeat a course for which a grade of A+, A, A+, B, B, C+, C, C, I, P, or S is recorded on his or her transcript. [Am 11/24/81, Rt by Assembly 5/26/82, Am 5/24/83, Rt by Assembly 5/9/84]

B) Courses in which a grade of D or F has been awarded may not be repeated on a P/NP or S/U basis. [Am 5/29/79]

C) Undergraduate students may repeat a course in which a grade of NP has been awarded for a P/NP or letter grade, if applicable. Graduate students may repeat a course in which a grade of U has been awarded on an S/U basis only. [Am 11/24/81, Rt by Assembly 5/26/82]

D) Repetition of a course for which a student's transcript bears two or more entries with grades among D, F, NP, or U requires the approval of the appropriate provost or dean. [Am 5/29/79, Am 11/24/81, Rt by Assembly 5/26/82]

E) All grades received by a student shall be recorded on the student's transcript unless changed in accordance with Regulation 500(H). A student may receive degree credit for a course only once, unless the course has been approved for repetition. [En 11/24/81, Rt by Assembly 5/26/82, Am 4/25/95]

F) The first 16 units of courses that have been repeated by an undergraduate student and for which the student has received a grade of D, F, or NP shall not be used in grade-point calculations unless the course is repeated by a student who has admitted to or been found guilty of academic dishonesty; in which case the units for both the initial course and the repeated course shall be counted in grade-point calculations. [Am 4/1/75, Am 5/29/79, Am 11/24/81, Rt by Assembly 5/26/82, Am 4/25/95, Am 11/25/03]
A) Credit by examination may be authorized and given by the instructor for a course with the concurrence of the student's provost (or dean). The examination will cover work for the entire course.

B) The student requesting credit by examination must not have already received a grade or a W in the course.

C) The student requesting credit by examination must be registered and in good academic standing.

D) A parttime student who, by registering to take a course credit by examination, surpasses the number of units allowed for parttime status, must register and pay fees as a fulltime student.

E) If credit by examination is authorized, the student will receive a grade of A+, A, A+, B, B, C+, C, C, D, or F unless the student's petition for examination specifies the grade to be Pass or Not Pass. The student's record will indicate that the course was attempted through credit by examination.
512  WRITING REQUIREMENT  [En 5/27/80]

A student may register in an upper division course only if the student has satisfactorily completed the writing requirement of his or her college or has obtained the consent of the instructor of the upper division course. This requirement is waived for a student who has been admitted as a transfer student and has not completed three quarters of residence at UCSD.
A) [En 5/24/83, Rt by Assembly 5/9/84]
   1) In order to apply the units of a course toward unit requirements for a degree, a student must receive an A+, A, A, B+, B, B, C+, C, C, D, P, or S grade in the course.
   2) Further, an undergraduate student must have a 2.0 or higher GPA to receive a Bachelor's degree and a graduate student must have a 3.0 or higher GPA to receive a higher degree. [Am 5/24/83, Rt by Assembly 5/9/84]
   3) With the approval of the Educational Policy Committee and when student demand exceeds any reasonable capacity to accommodate, departments and programs may require undergraduate students to achieve a GPA higher than 2.0 in a specific set of prerequisite courses and may limit admission to the major to students who have met that standard. No department or program may require a GPA higher than 2.0 for continuation in or graduation from any undergraduate major. [En 5/23/95, Am 3/1/11]
   4) With the approval of the Educational Policy Committee, departments and programs may set a minimum standard for the satisfaction of requirements within that department's or program's undergraduate curriculum. A) Definition

An Undergraduate Instructional Apprentice is an undergraduate student who serves as an assistant in an undergraduate course under the supervision of a faculty member. The purpose of the apprenticeship is to learn the methodology of teaching through actual practice in a regularly scheduled course.

B) Guidelines

1) An Undergraduate Instructional Apprentice shall be an upper division student. [Am 2/24/09]

2) Students are not permitted to assist in courses in which they are enrolled.

3) An Undergraduate Instructional Apprentice must have a minimum grade point average of 3.0. Departments may establish higher grade point average requirements. [Am 5/24/83]

4) The faculty instructor is responsible for the course content and for maintaining the overall quality of instruction, including supervision of Undergraduate Instructional Apprentices. He/she has responsibility for all grades given in the class. [Am 5/24/83]

5) The instructor is expected to meet regularly with the Undergraduate Instructional Apprentice to evaluate the student's performance and to provide the direction needed for a worthwhile educational experience.

6) An Undergraduate Instructional Apprentice may receive credit on a Pass/Not Pass basis only.

7) A student may not be an Undergraduate Instructional Apprentice more than once for the same course for credit.

8) A student may not be an Undergraduate Instructional Apprentice in more than one course in a quarter.

9) The total credit accumulated as an Undergraduate Instructional Apprentice shall not exceed eight units.

C) Procedure

All departments/programs using Undergraduate Instructional Apprentices shall submit to the Undergraduate Council a description of the role of the Undergraduate Instructional Apprentice, as part of the petition for approval. Any deviation from the guidelines above must be explained and justified in a memo accompanying the petition. Any major change in the function or duty of the apprentice in a course should also be approved by the Undergraduate Council. [Am 5/24/83, Am 3/1/11]
A) Every candidate for a Bachelor's degree must have completed a major. [En 11/27/90]

1) A major shall require the equivalent of 12 or more upper division courses (48 or more units).

2) Requirements for majors shall be determined by departments and programs, subject to the approval of the Undergraduate Council. [Am 3/1/11]

3) Double Majors
   With the approval of both departments or programs and of the college provost, a student in good standing may declare a double major. [Am 2/27/96]
   a) A student with a double major must fulfill the separate requirements of each major, and the equivalent of at least ten upper-division courses (40 units) must be unique to each major. Courses taken in fulfillment of lower-division requirements may overlap to any degree. [Am 2/27/96]
   b) The two majors may not be within the School of Engineering, nor, except with the approval of the Undergraduate Council, within a single department. When a departmental major is combined with a major in an interdepartmental or interdisciplinary program, the ten courses counted as unique to the interdepartmental or interdisciplinary program must all be drawn from outside the departmental major. [En 2/27/96, Am 3/1/11]
   c) A student who has declared a double major is not subject to the maximum-unit limitations of Regulation 600(C) and may accrue up to 240 units. [En 2/27/96]
   d) A student with a double major may graduate only upon completion of all requirements for both majors. Both majors will be noted on the student's transcript and diploma. If the two majors lead to different degrees (B.A. and B.S.), that fact will be noted on the transcript, and the two degree designations will appear on one diploma. [Am 2/26/96, Am 2/27/96]
   e) A student who has declared a double major may graduate in one major upon the completion of all requirements for that major, but may not continue in the University for completion of the second major. [Am 4/25/95, Am 2/27/96]

4) An undergraduate student must have declared a major or pre-major upon completion of 90 units.

B) Other requirements for graduation shall be determined by the colleges in conformity with Universitywide regulations and subject to approval by the San Diego Division of the Academic Senate.
2) Each college must set a minimum requirement for a bachelor's degree equivalent to at least 180 units, including not less than 60 at the upper division level. The minimum number of units required by a college must be the same for the degrees of Bachelor of Arts and Bachelor of Science. Except as may be otherwise provided in the Regulations of the Academic Senate or of the San Diego Division, no college may set a standard higher than passing for the satisfaction of any requirement for graduation. [Am 5/23/95]

3) The value of a course in units ("quarter units" or "quarter credits") shall be reckoned at the rate of one unit for three hours' work per week per quarter on the part of the student, or the equivalent [SR 760] [Am 5/22/90, Am 11/27/90]

C) Maximum Unit Limitation [En 11/27/90]

1) An undergraduate student may register for no more than 200 course units. An exception is permitted for candidates for B.S. degrees in engineering, for whom the limit is 240 units in Revelle and Eleanor Roosevelt Colleges and 230 units in all other colleges. Other exceptions will be granted only for compelling academic reasons and only with the approval of the college provost and the concurrence of the Educational Policy Committee. [Am 3/1/11]

2) Transfer units applicable toward general education requirements or major requirements are to be included in the maximum unit calculation; all other transfer units are to be excluded. Advanced Placement and International Baccalaureate units are to be excluded.

D) Special kinds of study e.g., laboratories, reading programs, studio work may be required in addition to the basic course work in given curricula.

A minor is not required for graduation. A student in good standing may declare an optional minor. [Am 5/28/96]

1) A minor shall consist of at least 28 units, of which at least 20 units must be upper division. For sound academic reasons and with the approval of the Undergraduate Council a minor may be established with fewer than 20 upper-division units. [Am 5/28/96, Am 3/1/11]

2) Requirements for minors shall be determined by departments and programs, subject to the approval of the Undergraduate Council. [Am 3/1/11]

3) A student may apply the equivalent of two upper-division courses (a maximum of eight units) to fulfill the requirements for a minor that have also been used to satisfy the requirements of a major. [Am 5/26/92, Am 4/12/16]

4) Double Minors
a) With the approval of both departments or programs and of the college provost, a student in good standing may declare a double minor.

b) A student with a double minor must fulfill the separate requirements of each minor, with no overlap of upper-division courses. Courses taken in fulfillment of lower-division requirements may overlap to any degree.

2) A part-time undergraduate student is one who is approved to enroll for ten units or fewer, or an equivalent number of courses per quarter.

3) The same admissions standards that apply to full-time students will apply to part-time students. Approval for individual students to enroll on a part-time basis will be given for reasons of occupation, family responsibilities, health, or for one quarter only graduating senior status. Approval to enroll as a part-time undergraduate student shall be given by the appropriate provost.

4) Residence in any regular term is validated for a part-time student on the San Diego campus by a program of one or more courses. Part-time undergraduate students shall not be required to meet minimum progress requirements.

When such action relates to a Professor, Associate Professor, or an equivalent position; Assistant Professor, a Professor in Residence, an Associate Professor in Residence, or an Assistant Professor in Residence; a Professor of Clinical (e.g. Medicine), an Associate Professor of Clinical (e.g. Medicine) or an Assistant Professor of Clinical (e.g. Medicine); a Senior Lecturer with Security of Employment, or a Lecturer with Security of Employment, the Chancellor shall consult with a properly constituted advisory committee of the Academic Senate.

h) The President shall fix the Calendar of the University, provided that no session of instruction shall be established or abolished except with the advice of the Academic Senate and the approval of the Board.

i) The President is authorized to make awards of fellowships, scholarships, and prizes with the advice of the Chancellors and the Academic Senate, and to approve expenditures from appropriations, gifts, and endowments for these purposes.

j) The President shall consult with the Chancellors and the Academic Senate regarding the educational and research policies of the University, and shall keep the Chancellors and the Academic Senate informed about significant developments within the University and within the State and Federal governments which may have serious consequences for the conduct of education and research within the University. The President shall present recommendations to the Board concerning the academic plans of the University and of the several campuses. The President shall transmit to the Board any memorial which the Academic Senate may address to The Regents.
101.1 EMPLOYMENT STATUS

b) Dismissal of an academic appointee who holds tenure or security of employment shall be voted by the Board upon recommendation of the President of the University, following consultation with the appropriate Chancellor. Prior to recommending dismissal, the Chancellor shall consult with the appropriate advisory committee(s) of the Division of the Academic Senate.
103.2 PRIVILEGE OF A HEARING BEFORE THE ACADEMIC SENATE

Any member of the Academic Senate shall have the privilege of a hearing by the appropriate committee or committees of the Academic Senate on any matter relating to personal, departmental, or University welfare.
103.5 EMERITUS STATUS

a) The title Professor Emeritus shall be conferred, upon retirement, on every Professor and Associate Professor. The title suffix Emeritus for positions held at the time of retirement shall be conferred, upon retirement, on every member of the Academic Senate. With the approval of the President, Emeritus status shall be conferred, upon retirement, on every academic appointee who is not a member of the Academic Senate but who meets specific criteria established by the President.
The principle of severance compensation is approved in the case of premature and compulsory retirement of a faculty member with acquired tenure whose removal from service seems to be in the interest of the University; and, in such cases, the President shall make a recommendation to the Board, after discussing the propriety of severance with the Chancellor concerned and with the appropriate Committee on Privilege and Tenure of the Academic Senate. In establishing the amount of severance compensation, each case shall be dealt with upon its merits.
All appointments to the positions of Professor and Associate Professor and to positions of equivalent rank are continuous in tenure until terminated by retirement, demotion, or dismissal. The termination of a continuous tenure appointment or the termination of the appointment of any other member of the faculty before the expiration of the appointee's contract shall be only for good cause, after the opportunity for a hearing before the properly constituted advisory committee of the Academic Senate, except as otherwise provided in a Memorandum of Understanding for faculty who are not members of the Academic Senate.

An Assistant Professor who has completed eight years of service in that title, or in that title in combination with other titles as established by the President, shall not be continued after the eighth year unless promoted to Associate Professor or Professor. By exception, the President may approve appointment of an Assistant Professor beyond the eighth year for no more than two years.
103.10 SECURITY OF EMPLOYMENT

Except as otherwise provided in a Memorandum of Understanding for faculty who are not members of the Academic Senate, a Lecturer-Potential Security of Employment or Senior Lecturer-Potential Security of Employment appointed at more than half time who has completed eight years of service in that title, or in that title in combination with other titles as established by the President, shall not be continued in that title after the eighth year unless given appointment with security or employment.

By exception, the President may approve appointment of a Lecturer-Potential Security of Employment or Senior Lecturer-Potential Security of Employment on more than half time beyond the eighth year without security of employment, but such appointment may not extend beyond two years.

An appointment with security of employment shall not be terminated except for good cause after the opportunity for a hearing before the properly constituted advisory committee of the Academic Senate.
The Academic Senate shall consist of the President, Vice Presidents, Chancellors, Vice Chancellors, Deans, Provosts, Directors of academic programs, the chief admissions officer on each campus and in the Office of the President, registrars, the University Librarian on each campus of the University, each lecturer who has full-time teaching responsibilities in any curriculum under the control of the Academic Senate and whose academic title is Senior Lecturer with Security of Employment or Lecturer with Security of Employment, and each person giving instruction in any curriculum under the control of the Academic Senate whose academic title is Instructor, Instructor in Residence; Assistant Professor, Assistant Professor in Residence, Assistant Professor of Clinical (e.g. Medicine); Associate Professor, Associate Professor in Residence, Associate Professor of Clinical (e.g. Medicine), Acting Associate Professor; Professor, Professor in Residence, Professor of Clinical (e.g. Medicine), or Acting Professor; however, Instructors and Instructors in Residence of less than two (2) years' service shall not be entitled to vote. Members of the faculties of professional schools offering courses at the graduate level only shall be members also of the Academic Senate, but, in the discretion of the Academic Senate, may be excluded from participation in activities of the Senate that relate to curricula of other schools and colleges of the University. Membership in the Senate shall not lapse because of leave of absence or by virtue of transference to emeritus status.

The Academic Senate shall determine its own membership under the above rule, and shall organize, and choose its own officers and committees in such manner as it may determine.

The Academic Senate shall perform such duties as the Board may direct and shall exercise such powers as the Board may confer upon it. It may delegate to its divisions or committees, including the several faculties and councils, such authority as is appropriate to the performance of their respective functions.
105.2 DUTIES, POWERS, AND PRIVILEGES OF THE ACADEMIC SENATE

a) The Academic Senate, subject to the approval of the Board, shall determine the conditions for admission, for certificates, and for degrees other than honorary degrees. It shall recommend to the President all candidates for degrees in course and shall be consulted through committees appointed in such manner as the President may determine in connection with the award of all honorary degrees.

b) The Academic Senate shall authorize and supervise all courses and curricula offered under the sole or joint jurisdiction of the departments, colleges, schools, graduate divisions, or other University academic agencies approved by the Board, except that the Senate shall have no authority over courses in the Hastings College of Law, San Francisco Art Institute, in professional schools offering work at the graduate level only, or over non-degree courses in the University Extension. No change in the curriculum of a college or professional school shall be made by the Academic Senate until such change shall have been submitted to the formal consideration of the faculty concerned.

c) The Academic Senate shall determine the membership of the several faculties and councils, subject to the provisions of Standing Order 105.1(c), except the faculties of Hastings College of Law, and San Francisco Art Institute, provided that the several departments of the University, with the approval of the President, shall determine their own form of administrative organization, and all Professors, Associate Professors, Acting Professors, Acting Associate Professors, and Assistant Professors, and all Instructors of at least two (2) years' service shall have the right to vote in department meetings.

d) The Academic Senate is authorized to select a committee or committees to advise a Chancellor concerning a campus budget and to select a committee or committees to advise the President concerning the University budget.

e) The Academic Senate shall have the right to lay before the Board, but only through the President, its views on any matters pertaining to the conduct and welfare of the University.

f) The Academic Senate is authorized to advise the President and the Chancellors concerning the administration of the libraries of the University.

g) The Academic Senate is authorized to select a committee or committees to approve the publication of manuscripts by the University of California Press.
The Board has established the colleges, schools, graduate divisions, certain other major academic units, affiliated institutions, and related activities at the several campuses and facilities of the University of California, and, upon the recommendation of the President of the University, with the advice of the Academic Senate, has established the degrees awarded by the several academic units of the University. Detailed provisions of this establishment shall be set forth in the minutes of the Board. The Board may amend these provisions by resolution, upon recommendation of the President of the University.
110.2 MATTERS RELATING TO RESIDENCY

a) The residence of each student shall be determined in accordance with the rules governing residence prescribed by the provisions ... of the Education Code of the State of California. Each nonresident student at the University of California shall pay a nonresident tuition fee for each term of attendance at the University, except that such fee, with the approval of the President of the University, may be remitted or waived in whole or in part ... in the case of a nonresident student who is an unmarried dependent son or daughter under age twenty-one, or a spouse of a member of the University faculty who is a member of the Academic Senate. ...
110.3 DIPLOMAS

a) The form for all diplomas issued by the University of California, including the Hastings College of the Law, shall be prescribed by the President, after consultation with the Academic Senate.
Integrity of scholarship is essential for an academic community. The University expects that both faculty and students will honor this principle and in so doing protect the validity of University intellectual work. For students, this means that all academic work will be done by the individual to whom it is assigned, without unauthorized aid of any kind. Instructors, for their part, will exercise care in planning and supervising academic work, so that honest effort will be upheld.

The UCSD Policy on Integrity of Scholarship (herein the “Policy”) states the general rules and procedures associated with student integrity of scholarship. This Policy applies to undergraduate and graduate students enrolled at UCSD and/or enrolled in a UCSD course. A separate policy exists governing integrity of research. Medical students are governed by policies specified in the Handbook for School of Medicine Advisors and Students, as formulated by the School of Medicine Committee on Educational Policy. Pharmacy students are governed by the Skaggs School of Pharmacy and Pharmaceutical Sciences (SSPPS) Policy on Integrity of Scholarship as formulated by the SSPPS faculty. In this Policy, the term “in writing” is defined as communications delivered either on paper or electronically via email.

I) **Instructors' Responsibility**

The Instructor shall state in writing how graded assignments and exams will contribute to the final grade in the course. If there are any course-specific rules required by the Instructor for maintaining academic integrity, the instructor shall also inform students of these in writing.
II) Students' Responsibility

Students are expected to complete the course in compliance with the instructor's standards. No student shall engage in an activity that involves attempting to receive a grade by means other than honest effort; for example:

- No student shall knowingly procure, provide, or accept any unauthorized material that contains questions or answers to any examination or assignment that is being, or will be, administered.
- No student shall complete, in part or in total, any examination or assignment for another person.
- No student shall knowingly allow any examination or assignment to be completed, in part or in whole, for himself or herself by another person.
- No student shall plagiarize or copy the work of another person and submit it as his or her own work.
- No student shall employ aids excluded by the instructor in undertaking course work or in completing any exam or assignment.
- No student shall alter graded class assignments or examinations and then resubmit them for regrading.
- No student shall submit substantially the same material in more than one course without prior authorization.

III) The Instructional Assistant’s (IA) Responsibilities

A student acting in the capacity of an Instructional Assistant (IA), a category including but not limited to teaching assistants, readers, and tutors, has a special responsibility to safeguard integrity of scholarship. In this role the student functions as an apprentice instructor, under the tutelage of the responsible instructor. An IA shall equitably grade student work in the manner agreed upon with the course instructor. An IA shall not provide a student with any information or collaboration that would aid the student in completing the course in a dishonest manner (e.g., providing access to unauthorized material related to tests, exams, and homework).

IV) Responsibility for Resolution of Cases of Violation of the Policy

The responsibility for maintaining the standards of academic honesty rests with two University authorities: the faculty and the administration. Under the Standing Orders of the Regents, authority over courses and curricula is delegated to the faculty through the Academic Senate. The University of California’s Policy on Student Conduct and Discipline authorizes UCSD administration to discipline students for academic misconduct. All cases in which the Student is found responsible for violating the Policy will result in both an academic and an administrative sanction.
A) Academic Responsibilities and Sanctions

The Instructor shall report the alleged violation to the Academic Integrity Office, shall participate in the process according to the Policy, and when the case is resolved, shall determine the Student’s grade in the course. Any violation of the Policy by the Student may be considered grounds for failure in the course, although less serious consequences may be incurred in less serious circumstances. An Instructor shall not assign an academic sanction for academic dishonesty unless he or she has submitted a report of an alleged violation of the Policy and the Student has either admitted responsibility for, or has been found responsible for, violating the Policy.

B) Administrative Authority and Sanction

The appropriate administrative authority shall impose an administrative sanction in accordance with guidelines authorized by the Educational Policy Committee. For undergraduates, the appropriate administrative authority is the Council of Deans of Student Affairs. For graduate students, the appropriate administrative authority is the Assistant Dean of Graduate Studies. For non-matriculated students enrolled in a UCSD course through Summer Session, the appropriate administrative authority is the Director of Summer Session. For non-matriculated students enrolled in a UCSD course through University Extension, the appropriate administrative authority is the Student Affairs Manager. Administrative sanctions range in severity from administrative probation to dismissal from the University. Students found responsible for multiple cases of academic dishonesty shall be subject to dismissal from the University. Sanctioning guidelines can be found at http://academicintegrity.ucsd.edu.

C) The Academic Integrity Office (AI Office)

The AI Office is the initial contact for the Instructor and the administrative manager for the processing of cases of Policy violations. The AI Office may extend any timelines in the Policy when practical exigencies so dictate, in which case all involved parties will normally be notified in writing. The AI Office shall maintain a record of all cases and shall report annually to the Academic Senate Educational Policy Committee, to the Council of Provosts, and to the Executive Vice Chancellor for Academic Affairs on the number, nature, and type of cases; the pattern of decision-making; the severity and type of academic and administrative sanctions; and other relevant matters as directed by the Educational Policy Committee.

V) Procedures for Resolution of Cases of Violations of the Policy

The procedure for resolution of cases of violating the Policy is divided into three phases: A, Reporting Phase; B, Decision and Resolution Phase; C, Appeals Phase.

A) The Reporting Phase

When an Instructor has reason to believe that a Student has violated the Policy, the Instructor should proceed in one of two ways:
I) Meet with the Student to discuss the suspected violation. If the Instructor decides that there is evidence of a Policy violation, he or she must submit a formal charge describing the suspected violation to the AI Office.

II) Submit a formal charge to the AI Office describing the alleged violation.

All alleged cases of academic dishonesty must be reported. To file a charge of violating the Policy with the AI Office, an Instructor must submit in writing the following information: the Student’s name, the Student’s PID, the course name and number, the date of the alleged incident, and a description of the incident. Upon receiving the charge, the AI Office will initiate the resolution process, as described in Section B below.

If the Instructor has submitted a formal charge of violating the Policy, he or she will refrain from assigning a course grade for the Student until the charge has been resolved. If the course concludes before the charge is resolved, the Instructor will assign an “X” code for the course in eGrades, which indicates that the X is due to a “Pending Charge of Academic Dishonesty”.

If there is insufficient time to submit a charge of violating the Policy before grades are due (e.g., suspected violation occurred during the final exam), then the Instructor may assign an X code for the course before a charge is filed with the AI Office. In this case, the Instructor must:

i) assign an X code in eGrades, which indicates that the X is due to a “Pending Charge of Academic Dishonesty”. eGrades will automatically notify the AI Office that a formal charge is forthcoming, and

ii) file a formal charge to the AI Office as soon as possible, normally within fifteen (15) business days of the grades due date.

If, after reporting a charge to the AI Office, the Instructor decides to withdraw the charge, the Instructor shall notify the AI Office in writing of his or her decision. The Instructor shall determine the grade for the course based on the student’s academic work. The AI Office shall notify the Student, the appropriate administrative authority, the department chair/program director, and Academic Records that the charge against the Student has been withdrawn by the Instructor. All notations of the charge shall be removed from the Student’s academic record. If an X has been assigned, the Instructor shall assign a grade for the course in eGrades once Academic Records has removed all notations of the charge. The charge may be reinstated in accordance with this Policy should new evidence become available.

An instructor may not withdraw a charge if a student has accepted responsibility of violating the Policy or has been found responsible for violating the Policy.
B) The Decision and Resolution Phase

Once the Instructor has reported a charge of violating the Policy to the AI Office, the AI Office shall immediately notify the appropriate administrative authority in writing, with a copy to the Instructor and to Academic Records that the Student is charged with violating the Policy. Within two (2) business days, the administrative authority shall notify the Student in writing of the charge and copy the AI Office and the Instructor.

If Students from two or more undergraduate colleges are allegedly involved in the same incident, the AI Office will direct the case to the chair of the Council of Deans of Student Affairs. The chair will then appoint one of the Deans to proceed with the case for all Students, regardless of undergraduate college. If the charge involves both undergraduate and graduate Students, the chair of the Council of Deans of Student Affairs and the Assistant Dean of Graduate Studies shall consult and agree on how to proceed with the case. If the charges involve non-matriculated students enrolled through Summer Session or Extension, please refer to Section IV.B. on the appropriate administrative authority to be consulted.

1) The Student’s deadline for responding to charge(s) of violating the Policy

Within ten (10) business days of the date of notification by the appropriate administrative authority, the Student must respond to the administrative authority acknowledging receipt of the charge and arranging to meet (either in person or via telephone) with the administrative authority to discuss the charge(s) and possible administrative sanctions. The administrative authority shall review the charge(s) with the Student and may advise and assist the Student regarding possible administrative sanctions and the process for resolution of the charge(s) of violating the Policy. Within twelve (12) business days of the date of notification by the administrative authority, the Student must report to the administrative authority his or her decision either to accept the charge of violating the Policy or to contest the charge and request an Academic Integrity Review.

If the Student does not meet with or notify the Dean of his or her decision by the end of the twelfth (12) business day following the date of notification by the Dean, he or she will be presumed to have decided to accept the charge(s) of violating the policy.

2) Decision I: Student accepts charge(s) of violating the Policy
a) Administrative Sanction

Administrative sanctions range from administrative probation to dismissal from the University, depending on the severity of the case, any previously recorded offenses, and any mitigating circumstances.

For undergraduate students, the appropriate Dean shall make a recommendation of the administrative sanction(s) to the Council of Deans of Student Affairs. The Council of Deans of Student Affairs shall determine the administrative sanction(s) and shall notify the AI Office of the decision within thirty (30) calendar days from the date of the AI Office notification of the charge.

For graduate students, the Assistant Dean of Graduate Studies shall determine the administrative sanction(s) and shall notify the AI Office of the administrative decision within thirty (30) calendar days from the date of the AI Office’s notification of the charge.

For non-matriculated student enrolled in a UCSD course through Summer Session or UCSD Extension, the appropriate administrative authority identified in Section IV.B. shall determine the administrative sanction(s) and shall notify the AI Office of the administrative decision within thirty (30) calendar days from the date of the AI Office’s notification of the charge.

A record of the administrative sanction(s) shall be maintained by the AI Office, the appropriate administrative authority, the Council of Deans of Student Affairs (for undergraduates), and Academic Records.

b) Academic Sanction

Within ten (10) business days of being notified of the administrative sanction(s), the AI Office shall notify the Instructor, the department chair/program director, and Academic Records of the administrative sanction(s). Academic Records shall update or remove all notations of the charge from the Student’s academic record and direct the Instructor to assign a grade for the course in eGrades.

The Instructor shall determine the grade for the course. If an X has been assigned, the Instructor shall assign a grade for the course by submitting the grade in eGrades. If the outcome is not determined within the calendar year, Academic Records shall direct the Instructor to submit a clerical error form to assign a grade and Academic Records will post the assigned grade. Upon notification from Academic Records that the final grade has been recorded, the AI Office will notify the Instructor, the appropriate administrative authority, and the department chair/program director of the resolution of the case with a report of both the administrative and academic sanctions.
3) Decision II: The Student contests the charge of violating the Policy and requests an Academic Integrity Review

If the Student contests the charge of violating the Policy (Decision II), he or she must submit to the appropriate administrative authority a written request for an Academic Integrity Review with an explanation of why the charge is contested.

a) This request must be received by the appropriate administrative authority within twelve (12) business days of the date of the notification of the charge.

b) Within two (2) business days of receiving the Student’s written request for an Academic Integrity Review, the administrative authority shall transmit the written request to the AI Office along with any additional relevant documentation.

c) Within two (2) business days of receiving the administrative authority’s request, the AI Office shall notify the Student, the Instructor, and the administrative authority in writing that the request for an Academic Integrity Review was received.

4) The Academic Integrity Review (AIR)

The purpose of an Academic Integrity Review is to explore and investigate the incident giving rise to the charge and to reach an informed, evidence-based conclusion as to whether the Policy was violated.

5) Composition of the Academic Integrity Review Board and the Review Panel

The composition of the Academic Integrity Review Board (AIRB) shall be as follows:

a) Twenty-five (25) faculty members appointed by the Academic Senate Committee on Committees.

b) At least six (6) graduate students appointed by the Graduate Student Association in collaboration with the Assistant Dean of Graduate Studies.
c) At least twelve (12) upper division undergraduate students, two from each college, appointed by the college Dean.

For each AIR request, the AI Office shall select from the AIRB five (5) members (the “Review Panel”), which shall normally be composed of three faculty members, one graduate student, and one undergraduate student. The AI Office shall also select a college Dean or the Assistant Dean of Graduate Studies, who is not the Dean or Assistant Dean of the Student, to serve as the Presiding Officer. The Presiding Officer shall conduct the review and advise the Review Panel on procedure, but shall not vote. In the event that a five-member Review Panel is not available (e.g., during the summer months or due to unforeseen circumstances, a recusal or challenge of a Review Panel member, or last minute absences), the Student shall be given the option of electing to proceed with a reduced Review Panel. If the Student elects to proceed with a reduced Review Panel, the Presiding Officer, or the AI Office when appropriate, may agree to proceed with not less than two (2) faculty members and one (1) student (either undergraduate or graduate).

A Review Panel member may recuse himself or herself or the Student may challenge the participation of a Review Panel member only when a reasonable person would recognize a conflict of interest or an inability of the Review Panel member to be unbiased; for example, when there is a personal or authoritative relationship between the Student and a Review Panel member. The Presiding Officer shall make the final determination on challenges to Review Panel composition. In the event that the AIR cannot proceed due to Review Panel composition, the Presiding Officer shall call for a continuance until such time as an appropriate Review Panel can be constituted.
6) Notice of the Academic Integrity Review

As soon as possible, and normally no longer than one quarter after receipt of the request for an AIR, the AI Office shall schedule a review of the case by a Review Panel. The AI Office shall normally provide at least ten (10) business days' notice to the Student and the Instructor of the time, date, and location of the AIR, although exceptions can be made if both the Student and the Instructor agree.

The notice shall include a statement that the UCSD Policy on Integrity of Scholarship is alleged to have been violated and a statement that an AIR has been scheduled. If the time and place of the AIR are not known, the notice shall include a statement indicating that a subsequent notice will be sent specifying same. In the event that the time or place is adjusted after the original notice is sent, an email notifying the parties to this effect shall be deemed sufficient notice.

Objections to the time and date of the AIR will be ruled on by the Presiding Officer no later than five (5) business days before the AIR. Academic Integrity Reviews shall not normally be rescheduled to accommodate the Student’s work, class, or personal conflicts unless undue hardship would otherwise be experienced by the Student. Academic Integrity Reviews shall not normally be rescheduled to accommodate the availability of Relevant Parties.

7) The Review Packet

Once an AIR has been requested by the Student, the relevant documents will be collected, including the facts of the charge by the Instructor and the Student’s dispute of the facts of the charge. The Student or the Instructor may also submit to the AI Office additional documents relevant to the charge, or the names and contact information of any additional people (e.g., classmates, teaching assistants) who have knowledge relevant to the charge (Relevant Parties). All documents must be submitted to the AI Office within ten (10) business days of the receipt of the review request by the AI Office.

The AI Office will make available to the Presiding Officer, the Instructor, and the Student a copy of the documents relevant to the charge (the Review Packet) no later than five (5) business days before the date of the AIR.

Newly available documents not included in the Review Packet can be presented at the AIR subject to the approval of the Presiding Officer. In such circumstances, the Presiding Officer should provide the Review Panel, the Student, and the Instructor with adequate time to review the new information.
8) Parties Attending the AIR

A Relevant Party is one with direct and material understanding of the case.

Normally, the Instructor bringing the charge forward and the Student requesting the AIR must be present for the AIR. However, in lieu of attending the AIR, the Instructor and/or the Student may forfeit in-person participation and provide a written statement.

The Student’s absence from or silence during the AIR shall not imply acceptance of responsibility. The University will normally conduct a single AIR to address the charges made against multiple Students in the same incident unless the Students would experience substantial prejudice as a result of a joint AIR. The appropriate administrative authority with whom the Students meet to request an AIR will, in consultation with the AI Office, hear and decide on prejudice concerns.

Recognizing their formal role in the University instruction, in cases where an Instructional Assistant (IA) is involved, the IA may also be present for the entire AIR rather than partially as a Relevant Party.

The Student may be accompanied by an Associated Students Student Advocate in the AIR. The Student should present his or her own case, but the Advocate may assist the Student with questioning and procedural issues. The Advocate may not normally appear at the AIR in lieu of the Student, but in the event that the Advocate is present but the Student is not, the AIR may continue at the discretion of the Presiding Officer, questions may be asked of the Advocate, and the Advocate may address procedural issues on behalf of the Student. Prior to the AIR, the AI Office shall be available to advise the Instructor of the procedures and options for presentation of the case, but the Instructor may be accompanied in the AIR only by a faculty colleague acting under the same restrictions as a Student Advocate.

The Instructor and the Student shall have the right to present Relevant Parties and question all Relevant Parties present at the AIR. In lieu of Relevant Parties attending the AIR, the Instructor and/or the Student may submit written statements from Relevant Parties as part of the Review Packet. Normally, Relevant Parties are present at the AIR only for the time they are presenting their statements and being questioned by the Instructor, the Student, and the Review Panel.
9) The Academic Review Process

The Review Panel shall hold an AIR and decide based on the preponderance of evidence presented at the AIR whether or not the Student is responsible for violating the Policy. Academic Integrity Reviews are fundamentally educative and investigative in nature, and thus the rules of evidence used in legal proceedings do not apply.

The Presiding Officer shall conduct the AIR in such a manner as to ensure fairness to the Student and to the Instructor, to maintain order and decorum, to facilitate presentation of evidence, and to provide an opportunity for questions to be asked by the Review Panel.

No AIR shall be undertaken without a reliable recording. The Presiding Officer shall provide for either a reliable audio recording of the AIR or keep written minutes summarizing the AIR. Any recording shall be retained as part of the permanent record by the Student’s administrative authority. Transcripts of the AIR will not be made by the University, but if either the Instructor or the Student makes a transcript at his or her own expense, copies should be provided to the other party for the cost of the copy or ten cents per page, whichever is less. Procedures for such record keeping are covered by the UCSD Student Records Policy as implemented by PPM 160-2.

No other recording or broadcasting devices shall be allowed in the AIR.

The final determination of the case shall rest with the Review Panel. The Instructor and the Student, along with any other parties to the AIR, will be excused before the Review Panel begins its deliberations. Review Panel deliberations shall always be confidential and conducted in private with only the Review Panel members and the Presiding Officer present. The responsibility of the Review Panel is only to determine whether the Student violated the Policy, although the Review Panel can make recommendations regarding administrative sanctions to be considered by the appropriate administrative authority. In AIRs where there is more than one Student charged, the Review Panel must make a separate determination for each Student.

Within five (5) business days from the date on which the AIR is completed, the Presiding Officer shall forward via email the Review Panel’s determination to the appropriate administrative authority, with copies to the AI Office, the department chair/program director, the Instructor, and the Student.

10) Determination of Sanctions

If the student is found responsible for violating the Policy, sanctions shall be determined as follows:
2 UCSD POLICY ON INTEGRITY OF SCHOLARSHIP

a) Administrative Sanction

If an undergraduate Student is found responsible for violating the Policy, the appropriate Dean shall make a recommendation of the administrative sanction(s) to the Council of Deans of Student Affairs. The Council of Deans of Student Affairs shall determine the administrative sanction(s) and shall inform the Student and the AI Office in writing within ten (10) business days after the receipt of the notice of the Review Panel’s determination.

If a graduate Student or non-matriculated Student enrolled in a UCSD course through Summer Session or University Extension is found responsible for violating the Policy, the appropriate administrative authority identified in Section IV.B. shall determine the administrative sanction(s) and shall inform the Student and the AI Office in writing within ten (10) business days after the receipt of the notice of the Review Panel’s determination.

A record of the administrative sanction(s) shall be maintained by the AIC, the appropriate Dean or administrative authority, the Council of Deans of Student Affairs (for undergraduates), and Academic Records.
b) Academic Sanction

The AI Office shall notify the Instructor, the department chair/program director, and Academic Records of the administrative sanction(s) and shall direct the Instructor to assign a grade for the course in eGrades if an X has been assigned.

Within ten (10) business days after receiving the official notice from the AI Office, the Instructor shall determine the grade for the course. Academic Records shall update or remove all notations of the charge from the Student's academic record and direct the Instructor to assign a grade for the course in eGrades. If the outcome is not determined within the calendar year, Academic Records shall direct the Instructor to submit a clerical error form to assign a grade and Academic Records will post the assigned grade. Upon notification from Academic Records that the final grade has been recorded, the AI Office will notify the Instructor, the appropriate administrative authority, and the department chair/program director of the resolution of the case with a report of both the administrative and academic sanctions and that the case is closed.

If the Review Panel finds the evidence insufficient to sustain the charge of violating the Policy, the administrative authority and the Instructor shall dismiss the matter without further action against the Student, who shall be permitted either to complete the course without prejudice or to withdraw from it. The AI Office shall notify the Student of his or her options and, within five (5) business days of the date of the letter, the Student shall notify the AI Office of his or her decision. If the Student does not notify the AI Office within this timeframe, it shall be assumed that the Student is electing to complete the course without prejudice. The AI Office shall then notify the Instructor and Academic Records of the Student's decision. If the Student withdraws from the course, the course shall not be listed on his or her transcript.

C) The Appeals Phase

The Student may appeal the determination of the Review Panel, the academic sanction determined by the Instructor, and/or the administrative sanction(s) determined by the appropriate administrative authority.
1) Appeal of the Determination of the Review Panel:

An undergraduate student may appeal the Review Panel’s determination by submitting a written appeal to the AI Office, within five (5) business days of formal notification of the determination of the Review Panel. The AI Office will forward the student’s appeal to the appropriate Provost. Council of Provosts will consider the appeal within ten (10) business days from the date the appeal was received. The decision of the Council of Provosts regarding the student’s appeal shall be sent to the student in writing and copied to the Student’s Dean, the AI Office, and Academic Records.

A graduate student may appeal the Review Panel’s determination by submitting a written appeal to the AI Office within five (5) business days of formal notification of the determination of the Review Panel. The AI Office will forward the student’s appeal to the Dean of Graduate Studies. The Dean of Graduate Studies will consider the appeal within ten (10) business days from the date the appeal was received. The decision of the Dean of Graduate Studies shall be sent directly to the Student in writing and copied to the Assistant Dean of Graduate Studies, the AI Office, and Academic Records.

A non-matriculated student enrolled in a UCSD course through Summer Session or UCSD Extension may appeal the Review Panel’s determination by submitting a written appeal to the AI Office within five (5) business days of formal notification of the determination of the Review Panel. The AI Office will forward the student’s appeal to the Council of Provosts for students enrolled through Summer Session and the Dean of Extension for students enrolled through UCSD Extension. The designated authority will consider the appeal within ten (10) business days from the date the appeal was received. The decision of the designated authority shall be sent directly to the Student in writing and copied to the appropriate administrative authority, the AI Office, and Academic Records.

The basis for appeal of the Review Board’s determination shall be: (i) that standards of procedural fairness were violated, e.g., that the Student did not have sufficient opportunity to present his or her side of the case; or (ii) that there exists newly discovered important evidence that has substantial bearing on the determination of the Review Panel. If the appeal is sustained, the case shall be referred back to the AI Office to schedule a new AIR before a new Review Panel. Except for such appeals, the determination of the Review Panel shall be final.

2) Appeal of the Academic Sanction:

Appeals must be submitted to the Educational Policy Committee within five (5) business days of receiving notice from the AI Office of the academic sanction assigned. If the case was reviewed by a Review Panel, the Committee shall receive the determination of the Review Panel and accept its determination as to the facts of the case. The Educational Policy Committee shall consider the appeal in accordance with its established procedures.
3) Appeal of Administrative Sanction:

An appeal of the administrative sanction(s) shall be submitted by an undergraduate student to the Council of Provosts with a copy to the AI Office within five (5) business days of receiving notice from the AIC of the administrative sanction. The Council of Provosts shall evaluate the Student's appeal and make a final decision within ten (10) business days of receiving the appeal. The decision of the Council of Provosts shall be sent by the Chair of the Council of Provosts to the Student in writing and copied to the Dean, the AI Office, and Academic Records.

An appeal by a graduate student shall be directed to the Dean of Graduate Studies with a copy to the AI Office within five (5) business days of receiving notice from the AIC of the administrative sanction. The Dean of Graduate Studies shall evaluate the Student's appeal and make a decision within ten (10) business days of receiving the appeal. The decision of the Dean of Graduate Studies shall be sent to the Student in writing and copied to the Assistant Dean of Graduate Studies, the AI Office, and Academic Records.

An appeal by a non-matriculated student enrolled in a UCSD course shall be directed to the Council of Provosts for students enrolled through Summer Session and the Dean of Extension for students enrolled through UCSD Extension, with a copy to the AI Office within five (5) business days of receiving notice from the AIC of the administrative sanction. The designated authority shall evaluate the Student's appeal and make a decision within ten (10) business days of receiving the appeal. The decision of the designated authority shall be sent to the Student in writing and copied to the appropriate administrative authority, the AI Office, and Academic Records.

A decision of the Council of Provosts, the Dean of Graduate Studies, or Dean of Extension regarding an appeal is final.
VI) Policy Regarding Student Academic Records

• Until a charge of violating the Policy has been resolved, the student’s transcript will show a blank grade for the course. Academic Records will note in attached text to the course (i.e., not on the student’s transcript) that the hold is for a “Pending Charge of Academic Dishonesty”.

• Once a charge is filed with the AI Office, the student shall not drop or withdraw from the course. If the Student drops the course before the charge of violating the Policy has been resolved, he or she will be administratively reenrolled in the course by Academic Records. If a student drops or withdraws from a course before a charge is filed with the AI Office, the resolution process will proceed as described in the Policy but no academic sanction will be applied.

• The “Pending Charge of Academic Dishonesty” notation shall not be removed by Academic Records until notification from the AI Office that the case has been resolved or that the Instructor has withdrawn the charge.

• If a passing grade is assigned to a student found responsible for violating the Policy and a conflict arises because of the Student’s enrollment in a duplicate, cross listed, or equivalent course taken after the charge has been resolved, Academic Records shall ensure that the grade given in the course with the Academic Dishonesty charge is not removed from the GPA. All other academic regulations pertaining to duplicate course enrollment will be enforced.

• If the student has been found responsible for violating the Policy, the grade assigned by the Instructor will be counted in the Student’s GPA even if the course is retaken. Academic Records will permanently note in text attached to the course (i.e., not on the Student’s transcript) that the grade was given as a result of “Academic Dishonesty”.

• If the student withdraws from UCSD before the final resolution of the case, the following policy shall govern. If the student is found responsible for violating the Policy and the Instructor assigns the student a final grade in the course, this grade shall be permanently entered on the transcript. If the administrative sanction is dismissal, the transcript shall bear a notation that readmission is contingent upon approval from the Chancellor. Any administrative penalty less severe than dismissal shall be imposed if and when the student returns to the University.

• If a case of alleged Policy violation is also the subject of an administrative inquiry under the Policy on Integrity of Research, then the Executive Vice Chancellor for Academic Affairs, in consultation with the Review Panel, may make such modifications in procedure as are necessary to coordinate the two inquiries.

• If the administrative sanction is suspension or dismissal, the fact that the student was suspended or dismissed for violating the Policy must be posted on the academic transcript for the duration of the sanction.

VII) Review of this Policy

The Educational Policy Committee shall periodically review this Policy and propose changes as it deems necessary.
Academic Dishonesty in Independent Exams

In cases where academic dishonesty is reported in independent exams (exams held outside of coursework), such as placement exams and qualifying exams, the procedures described above shall apply, with exception to the language regarding administration of a grade as an academic sanction in section V.B.10.b and appeals of the academic sanction (section V.C.2).

A) Academic Sanctions

The academic sanction will be determined by the faculty member or faculty committee with ultimate responsibility for evaluating the exam. The sanction will establish the following:

1) Evaluation of exam results. This may include granting the student full, partial, or no credit for the exam.

2) Provision to allow or deny the student the ability to repeat the exam.

The responsible party shall report the academic sanction to the Student and the AI Office, which shall notify the appropriate administrative offices of the sanction (per Section V.B.10.b).

B) Appeals of the Academic Sanctions

Appeals of academic sanctions must be submitted to the Educational Policy Committee following the timelines specified in the section V.C.2 of the Policy.
The following guidelines define procedures for obtaining academic accommodations for students at the University of California, San Diego (UCSD). These procedures are designed to be consistent with the requirements of Section 504 of the Federal Rehabilitation Act of 1973, and the Americans with Disabilities Act as well as the academic mission of UCSD. Section 504 regulations state that:

No qualified handicapped student shall, on the basis of the handicap, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any post-secondary education program or activity... [34 C.F.R. Section 84.43(a)]

[An institution] ... shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student... Modification may include changes in the length of time permitted for completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted [34 C.F.R. Section 84.44(a)].

Academic accommodations are defined as adjustments or modifications to coursework, course requirements (such as final examinations) and program requirements (such as comprehensive or qualifying examinations) that allow students with disabilities to accomplish the fundamental and essential components of the course of study. The guidelines that follow refer only to academic accommodations. The Office for Students with Disabilities (OSD) is the source for assistance and guidance in using these procedures. Access to facilities is addressed in the UCSD Disability Access Guidelines, Policy and Procedures Manual Section 200-9. Other University policies, guidelines and procedures are available to students who wish to address issues regarding disabilities other than academic accommodation. For example, complaints regarding discriminatory practices based upon disability should be addressed to the Office of Student Policies and Judicial Affairs, and the UCSD Policies and Procedures Applying to Student Activities and Student Conduct Code, Section 23.10.12 Student Grievance Procedures. For assistance with locating appropriate offices and processes, contact the Director, Office for Students with Disabilities, Building 202 University Center.

Responsibilities of Students

1) It is the responsibility of a student who has been diagnosed as having a disability, or who believes that he or she may have a disability, and who believes he or she will desire accommodation to register promptly with OSD. It is the responsibility of OSD to provide certification if the student’s disability causes a significant functional limitation in the academic environment. The student must cooperate with OSD in its evaluation of the disability for certification and accommodation needs that is based on the student’s limitations arising from a certified disability. Information and documentation of disabilities are held in confidence. The disability is not identified in the letter of certification/recommendation and information about the disability is not provided to other parties without the written consent of the student.
2) A student must present an OSD letter of certification and OSD accommodation recommendation to the appropriate faculty member in order to initiate the request for accommodation in classes, examinations, or other academic program activities. No accommodations can be implemented retroactively.

   a) A student must acquire an OSD accommodation recommendation for each course or academic activity in which he or she wants accommodation.

   b) With regard to a course accommodation request, the student should meet with the course instructor within the first two weeks of instruction. If the student receives the OSD accommodation recommendation for a specific course or activity at any time after the first two weeks of instruction, becomes disabled during the quarter, or registers for classes late, the instructor should be contacted as early as possible within the quarter to allow reasonable time for implementation.

   c) Prior to provision of any academic accommodation, a graduate student who is undertaking dissertation or thesis research, or preparing for written or oral qualifying exams must acquire OSD certification and accommodation. It is the student’s responsibility to make arrangements for accommodation approval with the faculty member responsible for organizing and conducting the activity reasonably in advance of the time that the accommodation is needed.

3) The student is expected to complete all fundamental and essential academic requirements. A student may do this by completing program or major course work or by completing substitutions authorized by the department, program, or college.

4) If a student is not able to reach agreement on accommodations with the faculty members on an issue of immediate concern, the student may request that OSD schedule a joint meeting of OSD, the faculty member, and the department chair, program director or college provost as appropriate in order to expedite a review of the request. If the faculty member involved is also the department chair the student should request participation at the next higher level by the appropriate dean (or the person designated by the dean). The student may simultaneously initiate the formal appeals process.

**Responsibilities of Faculty Members**

1) When a student who has not been certified by OSD presents a course instructor, dissertation/thesis advisor, or examiner with a request for accommodation, the faculty member should immediately refer the student to the OSD. The faculty member shall not diagnose or evaluate the disability and shall not request or require additional information regarding the actual diagnosis or confidential information regarding the nature of the disability. Accommodations cannot be made retroactively.
3) When presented with a request for accommodation by a student with OSD certification, the faculty member or advisor should provide accommodations recommended by OSD, unless in the faculty member’s judgment the accommodations are unreasonable because they will fundamentally alter an academic requirement. In the event of questions or concerns related to the accommodation recommendations or student needs, or if assistance is needed to implement an accommodation, the faculty member should seek OSD assistance. A faculty member who cannot meet the student’s request should seek to resolve the matter promptly in consultation with OSD and the department chair, program director, or college provost, as appropriate.

3) Requests for substitution of a required course or any other modification of a program requirement should be approved by the appropriate academic authority (department chair or provost) only after consultation with OSD.

Appeals

Students who disagree with the response to their request for accommodation may appeal the faculty decision or action at any time during the quarter to the Educational Policy Committee. This is a standing committee of the Academic Senate. Appeals shall be submitted in writing, addressed to the Educational Policy Committee, c/o Academic Senate, Mail Code 0002, or delivered in person to the Academic Senate Office, Building 214/215 University Center, no later than 30 calendar days after the faculty decision or action. A decision will be rendered within 30 days of the filing date of the appeal. The ruling of the Committee may be appealed by either the student or the faculty member to the Senior Vice Chancellor-Academic Affairs, whose decision shall be rendered within 30 days and shall be final. Appeals shall be submitted in writing to the Senior Vice Chancellor-Academic Affairs Office, Building 105 University Center, no later than 30 calendar days after the Committee’s decision.
The quality of intellectual life at the University of California rests not only on the strength of individual academic departments and organized research units, but also on the breadth of offerings and opportunities for study available on each campus. The disestablishment of academic programs and units is a grave matter that is the direct responsibility of the Academic Senate and its appointed committees. Because it affects a segment of the academic community in particular, and the whole academic community in general, disestablishment should be undertaken only after the most serious consideration. The Undergraduate Council and the Graduate Council should make every effort to correct deficiencies in an academic program or unit before undertaking deliberation of its disestablishment.

Programs and academic units should not be disestablished in order to cope with temporary or transitory financial difficulties, and every effort should be made to deal with these in an equitable manner. Before proposing the disestablishment of academic programs or units, the administration is expected to demonstrate that the financial exigency is not temporary and cannot be met by reduction in administration staff and personnel. If cuts in the academic functions of the university are unavoidable, first consideration should be given to dividing the necessary budget reductions equitably among all departments and programs in such a way as to minimize permanent damage to the vital educational and research missions of the University.

These procedures for the San Diego Division of the Academic Senate have been established pursuant to the Systemwide Policy on Transfer, Consolidation, Disestablishment, and Discontinuance of Academic Programs and Units, dated September 19, 1979.

For purposes of this policy an academic program is defined as a sequence of courses and examinations leading to a degree; it does not include a concentration within a major, but it does include an established interdepartmental program. An academic unit is defined as a school, college, department, or division within a school, college, or department. It does not include an organized research unit; procedures for organized research units are those established on a Systemwide basis.

In what follows the word "disestablish" and its derivatives will be used to simplify reference to any of the four possibilities: transfer, consolidation, disestablishment, or discontinuance.

I) General Provisions

A) Any issues pertaining to these procedures, but not covered explicitly by this policy, shall be resolved by the Senate Council.
B) Any decision or recommendation to transfer, consolidate, disestablish, or discontinue an academic program or unit shall be preceded by an ad hoc review of the program or unit. All proposals for the disestablishment of academic programs or units shall be considered by an ad hoc committee of five members, which shall comprise one person delegated by each of the following standing committees: Committee on Academic Personnel, Undergraduate Council, Graduate Council, and Committee on Planning & Budget, from among its members, and a fifth member at large to be appointed by the Committee on Committees. The ad hoc committee shall have the authority to request documentation pertinent to the proposed disestablishment from both the administration and all related academic groups. It may seek expert advice from persons within or outside the University. It shall submit its report to the Senate Council within thirty days of its appointment. A copy of the report shall immediately be sent to the chair or other principal officer of the program or unit concerned.

C) Academic programs may be disestablished for academic or financial reasons.

1) If the Senate Council decides that academic considerations principally apply, the ad hoc committee shall undertake a broad investigation to ascertain the quality and effectiveness of the academic unit or program in question.

2) If the Senate Council decides that financial and budgetary considerations principally apply, the ad hoc committee is charged to elicit from the Chancellor and his administrative officers, at the minimum, a budgetary and fiscal analysis showing a consideration of the following:

   a) Whether the budgetary deficiency is a temporary or short-term financial perturbation.

   b) Whether the disestablishment of the academic program or unit in question is the most feasible way of meeting the alleged financial exigency, and

   c) Whether cuts across the board are feasible and can be equitably made. These cuts may include terminating temporary appointments and dismissing non-tenured faculty members of programs and units.

   The ad hoc committee shall closely examine the implications of this information and solicit whatever additional material is required in order to present a complete report to the Senate Council. In all cases arising from financial exigency, it should examine and explore other ways of solving the fiscal problems.

D) Agencies of the Academic Senate charged with making recommendations or decisions pertaining to disestablishment of academic programs or units shall:

   1) extensively consult students and faculty who are affected by the proposed change;

   2) consider whether arrangements for peer review from outside the University shall be requested; and
4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

3) notify the Chancellor and consult with the President early in the process
   a) if the academic program or unit under consideration appears to be unique to the University, or
   b) if it is believed that the disestablishment may have systemwide effects or effects on higher education programs in California other than within the University of California.

E) If the disestablishment of an undergraduate or graduate academic program includes disestablishment of a degree, final decision with respect to the degree shall be made by the Regents on the recommendation of the President.

F) In any case in which disestablishment of an academic program or unit would involve intercampus transfer or consolidation, the procedures set forth in sections I, II, III, and IV shall apply. As appropriate, the Chancellor will arrange for coordination with other campuses and the President.

G) Arrangements shall be made for the orderly and appropriate accommodation of academic and staff employees whose positions are affected by a decision to disestablish or discontinue or to transfer to another campus or to combine with another program or programs on a different campus. These arrangements shall be in accordance with existing personnel policies to the extent that they are adequate for each specific decision. Where existing policies are not adequate, supplemental policies shall be developed by the Systemwide Administration through appropriate consultation with the Academic Senate. Until such policies are adopted, historical precedent and established practice shall supplement existing personnel policies.

H) The campus shall report such transfers, consolidations, and discontinuances annually in its Academic Program inventory.

II) Procedures for the Disestablishment of Undergraduate Programs

Proposals for the disestablishment of undergraduate programs, including undergraduate major curricula, may be initiated by departments, by review committees, by the Academic Senate through the Undergraduate Council or the Senate Council, by the Senate-Administration Council, or by the Chancellor. Such proposals shall be submitted to and screened by the Undergraduate Council before any further action is taken.

A) Before any action is taken by the Undergraduate Council, it shall submit the proposal to an ad hoc committee for review and recommendation as provided in Section I.B.

B) The Undergraduate Council shall send notification of the proposal to those faculty members and students concerned.
4 POLICY AND PROCEDURES ON TRANSFER, CONSOLIDATION, DISESTABLISHMENT, AND DISCONTINUANCE OF ACADEMIC PROGRAMS AND UNITS

C) Any member of the faculty of the department or interdisciplinary program concerned, or any other interested parties, may petition for a hearing before the Undergraduate Council within thirty days of notification. The hearing must be scheduled by the Undergraduate Council within fifteen days of receipt of the report of the ad hoc committee. Representatives of the Educational Policy Committee, Graduate Council and the Committee on Planning & Budget shall attend the hearing.

D) Upon completion of the procedures prescribed in part C, and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Undergraduate Council to which the members of the Educational Policy Committee, Graduate Council and Committee on Planning & Budget are invited. Whatever decision or recommendation is made by the Undergraduate Council shall be immediately transmitted to the chair or other principal officer of the program or unit concerned. Undergraduate Council shall transmit its recommendation to the Senate Council.

E) The final decision of the Senate Council shall be transmitted to the Chancellor and shall immediately be reported to the Division through a notice sent to each member. It may be appealed in accordance with the provisions of Bylaw 155(A).

F) Students enrolled in any program to be disestablished shall be accommodated in a fashion that will ensure completion to the degree.

III) Procedures for the Disestablishment or Discontinuance of Graduate Programs.

Proposals for the disestablishment or discontinuance of graduate programs may be initiated by departments, by review committees, by the Academic Senate through the Education Policy Committee or the Graduate Council or the Senate Council, by the Senate-Administration Council, or by the Chancellor. Such proposals shall be submitted to and screened by the Graduate Council before any further action is taken.

A) Before any action is taken by the Graduate Council, it shall submit the proposal to an ad hoc committee for review and recommendation as provided in Section I.B.

B) The Graduate Council shall send notification of the proposal to those faculty members and students concerned.

C) Any member of the faculty of the department or interdepartmental program concerned, or any other interested parties, may petition for a hearing before the Graduate Council within thirty days of notification. The hearing shall be scheduled by the Graduate Council within fifteen days of receipt of the report of the ad hoc committee. Representatives of the Educational Policy Committee, Undergraduate Council and Committee on Planning & Budget shall attend the meeting.
D) Upon completion of the procedures prescribed in part C, and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Graduate Council to which the members of the Educational Policy Committee, Undergraduate Council and the Committee on Planning & Budget are invited. Whatever decision or recommendation is made by the Graduate Council shall be immediately transmitted to the chair or other principal officer of the program or unit concerned.

E) The recommendation of the Graduate Council shall be submitted to the Representative Assembly or the Division at its next meeting. If either the Graduate Council or the program or unit concerned requires additional time to prepare an adequate presentation, the Chair of the Division may grant a postponement until the next regularly scheduled Representative Assembly or Divisional meeting or until a special meeting to be held not more than thirty days thereafter. At that meeting at which the presentation of the case is completed, the Division shall take final action on the Graduate Council's recommendation. The decision of the Representative Assembly or the Division shall be reported to the Chancellor and to the Coordinating Committee on Graduate Affairs.

F) Students enrolled in any program to be disestablished shall be accommodated in a fashion that ensures completion to the degree.

IV) Procedures for Disestablishment or Discontinuance of Academic Units

Proposals for the disestablishment or discontinuance of academic units may be initiated by the Chancellor, the Vice Chancellor for Academic Affairs, a dean, the Council of Provosts, the Senate-Administration Council, the chair of the unit, or faculty members in the unit, or -- generally, but not exclusively, as a consequence of a Senate review of an academic program -- by the Division through the Undergraduate Council, Educational Policy Committee, the Graduate Council, the Committee on Planning & Budget, or the Senate Council. Proposals originating from other than the Senate Council shall be submitted to and screened by the Senate Council, which is the agency of the Division responsible for overseeing these procedures for the disestablishment of academic units.

A) Before any action is taken by the Senate Council, it shall submit the proposal to an ad hoc committee for review and recommendation, as provided in Section I.B.

B) The Senate Council shall send a notice of the proposal to the faculty members and students involved.

C) While considering such a proposal, the Senate Council may request that appropriate Senate committees review various aspects of the proposal and report to it.
D) Any member of the faculty of the unit concerned, or any other interested parties, may petition for a hearing before the Senate Council within thirty days of notification. The hearing must be scheduled by the Senate Council within fifteen days of receipt of the report of the ad hoc committee. At this hearing, interested administrative officers, faculty members, and students shall have an opportunity to present their views on the proposal.

E) Upon completion of the above procedures and after the report of the ad hoc committee has been received, the proposal shall be considered at a meeting of the Senate Council to which the members of the appropriate Senate committees are invited.

F) The final decision of the Senate Council shall be transmitted immediately to the Chancellor, to the chair or other principal officer of the unit concerned, and to the Division by a notice sent to each member. Students and faculty members of the unit shall be notified.

G) The recommendation of the Senate Council shall be submitted to the Representative Assembly or the Division at its next meeting. If either the Senate Council or the unit concerned requires additional time to prepare an adequate presentation, the Chair of the Division may grant a postponement until the next regularly scheduled Representative Assembly or Division meeting or until a special meeting to be held not more than thirty days thereafter. All objecting parties shall have an opportunity to present their views to the Representative Assembly or the Division. At that meeting at which presentation of the case is completed, the Representative Assembly or the Division shall take final action on the Senate Council’s recommendation. The Representative Assembly or the Division shall report to the Chancellor whether it recommends approval, disapproval, or modification of the proposal.

H) The Chancellor shall decide whether to recommend disestablishment of the unit to the President.

I) The final decision on the disestablishment of schools and colleges shall be made by the Regents upon the recommendation of the President. The President shall make a final decision on the disestablishment of other academic units after consultation with the Assembly of the Academic Senate and students as appropriate.

J) If an academic unit is disestablished, arrangements shall be made to allow students enrolled in the unit to complete their degree.

Evaluation of Professionalism [Am 4/12/16]

Pharmacy students are required to demonstrate professionalism as part of the requisite clinical competency. Many attributes of professionalism cannot be observed on one rotation, thus patterns of behavior, as observed throughout the continuum of training and within the education environment, play an important role in making these determinations. The demonstration by a pharmacy student of satisfactory professional and personal attributes is necessary to successfully complete the curriculum. Therefore, these attributes will be evaluated throughout the student’s enrollment.

It is the intent of the School, in placing this policy into effect, to give all manner of assistance to the student to remedy any deficiencies. It is the School’s hope that the student may, subsequently, be successful and move forward in his/her profession with utmost confidence.
